Agreement By France On Hoover Debt Plan Indicated

TECHNICAL POINTS TO BE SETTLED

Announcement Made Following Telephone Conversation with Secretary

MEETS WITH HOOVER

French Cabinet Will Meet This Evening and Action Is Expected Soon

WASHINGTON, June 29.—(UP)—There were indications in official quarters here today that an agreement in principle with France on the Hoover debt moratorium program has been reached. Acting secretary of state Castle told questioners that "several technical points" remain to be adjusted.

After a telephone conversation between Castle and Secretary of Treasury Mellon in Paris, American officials were optimistic that debt negotiations would terminate favorably. The only official statement forthcoming was the following brief summary of the situation by Castle:

"No agreement has yet been reached for the reason that there are several technical points not yet cleared up. This government will accept no proposal that does not fall completely within the spirit and purpose of the president's offer."

EIGHT CHILDREN IN ONE FAMILY PERISH

QUEBEC, June 29.—(UP)—The eight children of a French Canadian farmer named Xavier Potvin, living on the outskirts of the town of Jonquiere, Que., were burned to death in a fire that destroyed their home today.

Potvin, his wife and aged mother escaped. The eldest child was 11, the youngest three months. The father made heroic attempts to save his children, who were trapped on the top floor of the farm house, but the ladder he placed against the wall on the outside of the wooden building collapsed when he was half way up, hurling him to the ground.

Aimee Starts New Marthon In Her Temple

LOS ANGELES, June 29.—(UP)—The Angelus temple today hung a sign out for "help wanted with good hearing."

When Aimee Semple McPherson, Four Square gospel evangelist, last night opened the cover of her giant 1100 pound Bible she started a marathon in which listeners will compete with honors to determine who can listen the longest.

Today was the second day of the event and some of the listeners were still going strong after 12 hours of hearing readers, working in two-hour shifts, quote passages from the Bible.

STRIKE PARADE IS BROKEN UP BY OFFICIALS

American Flags Trampled in Ground—Tear Gas Bombs Are Used

PITTSBURGH, June 29.—(UP)—Twelve deputy sheriffs, swinging their clubs vigorously, today broke up a projected mine strike parade at Ellsworth only after American flags, borne by the strikers, had been trampled into the ground and tear gas bombs had been exploded.

One striker was beaten severely and left lying on the road when the other paraders departed.

About 100 men and women arrived at Ellsworth in three trucks from Charleroi. They had planned a demonstration parade over the coal strike now in effect. But the 12 deputy sheriffs and industrial police came up, ordered the parade cancelled and started dispersing the crowd.

AL CAPONE GIVEN THIRTY DAY DELAY

CHICAGO, June 29.—(UP)—Attorneys for "Scarface Al" Capone went before Federal Judge James H. Wilkinson today and gained a 30-day delay in sentencing the gang leader to federal prison on charges of evading income tax and violating the prohibition law.

Capone was scheduled to appear tomorrow to hear his sentence.

Michael Ahern, Capone's attorney, gained the continuance on the plea that Capone's son, Alphonse Jr., is ill of mastoiditis, that the gang leader wished more time to visit his family and that his business affairs must be arranged before he goes to prison.

HOME MADE PLANE FALLS; PILOT HURT

SAN MATEO, Calif., June 29.—(UP)—Alfonso Gomez, 30, Los Angeles amateur plane builder, was reported in a serious condition today from injuries received in the crash of a home made plane that cost the life of Walter Erickson, 44, a passenger.

Gomez, piloting the plane he had helped build, sent it into a steep bank 200 feet over Millie field here and the machine went into a side slip. Trying to right the ship, Gomez sent it into a power dive and it crashed.

Erickson, who lived in Los Angeles, died in an ambulance en route to a hospital. Gomez suffered a dislocated hip and fractures of the jaw.

THREE MEET VIOLENT DEATH IN COUNTY OVER WEEK-END

OVER 200 ARE REPORTED DEAD IN HEAT WAVE

Hottest June in Half Century Over Nation—No Sign of Relief

CHICAGO, June 29.—(UP)—The nation's hottest June in half a century set the mercury sizzling in thermometers again today and added hourly to the heat wave's toll of more than 200 deaths, thousands of dollars crop damage and countless prostrations.

Weather forecasters would promise no relief for the vast areas between the Rocky mountains and the Atlantic seaboard which have sweltered for five days in temperatures in the 90's.

"The heat wave will continue generally today and Tuesday," said C. A. O'Donnell, Chicago forecaster.

Heat deaths in the Chicago area alone totalled more than 60. Indiana had 22 fatalities and other states reported proportionate numbers of victims. Accident injuries and deaths increased alarmingly as thousands of motorists sought relief on highways from the heat.

Oats and other grain crops shriveled under the blazing sun and farmers did their early season harvesting by moonlight to escape the heat. Agricultural experts said that corn and other crops will be damaged unless rain is forthcoming soon.

Temperatures of more than 100 degrees in some sections caused highways to buckle and take on the appearance of having been permanently waved. Scores of horses died from the heat in mid-west fields.

A high mark of 100 degrees was predicted today for Chicago. Temperatures in the middle 90's will not be unusual, it was predicted, and the record of 113 degrees set Sunday at Pierre, S. D., may be equaled by cities in several states.

Among high temperatures reported to the United Press included 108 at Huron, S. D., and Phoenix, Ariz., 104 at Bismarck, N. D., Birmingham, Ala., and Rapid City, S. D., 102 at Omaha, Neb., Peoria, Ill., Charles City, Ia., Minneapolis, Minn., St. Louis, Mo., and a long list of other cities. Pierre, S. D., reported 110 degrees, and Phoenix reported 108.

In declaring that the past month has been the warmest June in more than 50 years, weather observers pointed out that for the past five days the heat wave has been general in all sections of the country. New June heat records were established in a dozen cities Sunday it was pointed out.

SALT LAKE CITY, June 29.—(UP)—After a strenuous "rest" in Salt Lake City and Ogden yesterday, the house subcommittee on appropriations for the interior department was enroute today for national parks in Southern Utah.

Bullet Strikes Badge And Officer Saved

ALAMEDA, Calif., June 29.—(UP)—Officer W. W. Hendrickson, Alameda policeman, literally thanked his lucky star today for his life.

A bullet fired by two automobile thieves struck Hendrickson over the heart, but it hit his policeman's badge first and was deflected.

The missile stunned Hendrickson and before he could recover the thieves handcuffed him with his own "brace-lets" and escaped.

SEVERAL LIVES LOST IN RIOTS AND VIOLENCE

Growing Unrest Breaks Out in Various Parts of World Over Week End

By UNITED PRESS

GROWING UNREST in widely scattered sections of the earth broke out over the weekend in violence of various sorts, taking several lives, injuring many and causing a spread of alarm.

In Spain, the most important elections in the new republic's history, were marred by violence and strikes as the voters went to the polls to elect delegates to the constitutional assembly. At least nine were dead and upwards of a score injured.

In Malaga, a general strike was called. Minor incidents of violence were started at once, but the authorities placed heavy patrols around the city, maintaining order.

Rebels held the garrison in Cuzco, high in the mountains of southeastern Peru. Lima reported a government expeditionary force enroute south to quell the uprising.

Trouble between Denmark and Norway threatened over the reported occupation of an area on the east coast of Greenland by a Norwegian expedition. Denmark awaited Norway's official explanation.

Bulgaria was without a government, the Liaschew cabinet having resigned, badly defeated at recent parliamentary elections. Alexander Malinov sought to form a new ministry.

In Mexico, sharp fighting between Catholics and police occurred in Jalisco state. Two persons were killed.

In England, there was no violence, but the labor government was seen threatened by dissension in the ranks of the liberal party, long in support of the McDonald regime.

HOUSE COMMITTEE WILL VISIT PARKS

SALT LAKE CITY, June 29.—(UP)—After a strenuous "rest" in Salt Lake City and Ogden yesterday, the house subcommittee on appropriations for the interior department was enroute today for national parks in Southern Utah.

From Boulder City, the congressmen will go to Los Angeles and then proceed Friday to Boulder City, Nev.

HAYS ANSWERS CRITICISM OF FILM INDUSTRY

Federal Council Churches of Christ Submit Lengthy Report

NEW YORK, June 29.—(UP)—Pointed criticism of the motion picture industry and particularly of the Motion Picture Producers and Distributors, Inc., contained in a voluminous report made by the research department of the federal council of the Churches of Christ in America, was answered by Will H. Hays, president of the former organization, with the statement that the report "praises the doughnut and condemns the size of the hole."

The report, contained in a 151 page booklet, includes a factual survey of the entire industry, together with a summary of conclusions, which Hays declares "has not a single practical proposal to its credit for the betterment of motion pictures."

One phase of the report—that dealing with payment of money to individuals associated with the federal councils for lectures and other services—already has resulted in the resignation of Carl E. Milliken, executive secretary of the Hays organization, from the federal council of churches. Milliken, who is a former governor of Maine, resigned over a week ago after first drafts of the report had been completed.

The report infers that payment of such honoraria places the Hays organization under suspicion.

CONSERVATIVES IN SPAIN VICTORIOUS

MADRID, June 29.—(UP)—Decisive victories for Conservative Republicans represented by the present provisional government were indicated today in returns from the nation-wide elections for a constitutional assembly.

The election passed without major disorders but sporadic outbreaks in various sections resulted in at least nine deaths and upwards of a score of injured. Action also was taken yesterday to halt a reported revolutionary plot at Seville said to have been led by Ramon Franco, filer and politician, who was elected a deputy to the assembly from Barcelona.

Gold Lost Since 1865 Is Sought

SAN FRANCISCO, June 29.—(UP)—A cargo of gold that went down with the vessel Brother Jonathan off Crescent City, north of here, in 1865, was sought today by a group of San Francisco adventurers aboard the power schooner Jeanette R.

Ten Persons Are Hurt In 6 Accidents

Woman and Man Commit Suicide—One Is Killed in Auto Mishap

THREE PERSONS, two men and a woman, met violent deaths in Orange county over the week end. A Los Angeles man was killed in an automobile crash near Irvine station, and a woman and man were victims of their own hands—suicides.

Aside from these there were reported six other automobile accidents, which injured 10 persons, none of whom is believed to have been seriously hurt, however.

Despondent for the past several months, it was said, Mrs. Glendine Armfield, 24, residing with her father, T. B. Elliott on Fairhaven avenue, east of Prospect avenue, committed suicide at 3 o'clock yesterday morning by shooting herself through the head with a .22 caliber rifle.

The body was found on the bed in a back room of the home by members of the family, the head almost blown off. No note was found.

The father of the woman reported to the sheriff's office, according to a report that two attempts had been made before by his daughter to end her life. She had been watched for some time previously, it was said. On one occasion she had attempted to do with monoxide gas, officers reported. L. H. Nicholson, of the sheriff's office made an investigation.

The body was removed to the Smith and Tutill funeral parlors. No inquest will be held, Coroner Brown said today.

Mrs. Armfield is survived by her three-year-old son, James Armfield, her father and the following brothers: R. W. Elliott, Irvine, Los Angeles, Lowell Elliott of San Diego. Her ex-husband, J. W. Armfield, lives in Santa Ana.

Despondent, apparently because his wife was in a Los Angeles hospital, following an automobile accident there several days ago, Igoro Yamada, rancher, hung himself in a stable on the White Japanese.

DANISH FLIERS ON VISIT IN GERMANY

BERLIN, June 29.—(UP)—Otto Hillig and Holger Holris landed their transatlantic monoplane Liberty at Tempelhof airfield from Copenhagen at 3:40 p. m. They came for a visit to Germany, Hillig's birthplace.

WILL ROGERS says:

SANTA MONICA, June 29.—[To the Editor of the Register: Will you do me one favor? If you see or hear of anybody proposing my name either humorously or seriously for any political office, will you main said party and send me the bill? "Life" magazine and I had a lot of fun last time by running for office, but am certainly not going to try and impose the same comedy twice.

I hereby and hereon want to go on record as being the first Presidential, Vice-President, Senator or justice of the peace candidate to withdraw. I not only "don't choose to run," but I don't even want to leave a loophole in case I am drafted so I won't use "choose." I will say "won't run" no matter how bad the country will need a comedian by that time.

LOIS LONG IS GIVEN DIVORCE IN RENO TODAY

Court Gives Decree to Peter Arno Who Battled with Vanderbilt

RENO, Nev., June 29.—(UP)—Lois Long was granted a divorce from Peter Arno, New York caricaturist, in a five-minute trial behind closed doors here today.

Miss Long, a writer of note, won the decree on a cross complaint to a suit originally filed by her husband. Cruelty was charged.

Arno was sued under his true name of Curtis A. Peters. His wife was granted the custody of their one child, Patricia, age three. A property settlement made out of court was formally approved.

The Arnos were married in Stanford, Conn., August 12, 1927. Arno, in his original complaint against Miss Long, charged cruelty which he said caused him to leave her on November 30, 1930.

All testimony in today's five-minute trial, which was held behind closed doors, was secret. Arno himself, unshaven and slightly nervous, smoked innumerable cigarettes in the corridor of the Washoe county courthouse as he waited calling of the trial.

When he emerged from the courtroom five minutes after the case had been called, he told the United Press:

"Well, I won't cartoon this incident. I can think of much funnier things to draw."

"Vanderbilt? Oh, Cornelius is sore at me because I used to caricature him in the New Yorker about five years ago. That Vanderbilt thing is closed as far as I am concerned."

"I'll stay in Reno a few days longer, and then go to Los Angeles to supervise the casting of a new play which Manning Sherwin and I wrote here in Reno, despite interferences and interruptions from pests."

The show isn't named yet, but it will go into rehearsal in New York about August, if we can get the talent lined up by then. "No, I don't intend to remarry—soon, anyway."

WASHINGTON, June 29.—(UP)—The treasury department's tentative plan to bar all Soviet Russian products from this country will be vigorously opposed in the next session of congress, it was indicated today.

Senator William H. King, Democrat, Utah, said he will seek action to prevent the treasury from imposing any such embargo. He also announced that he has prepared a resolution calling for creation of a commission to study Russian conditions that affect Soviet-American trade.

POST, GATTY HEAD PLANE FOR ALASKA

Leave Shore of Siberia for 2300 Mile Hop Across Pacific This Morning

FINE WEATHER AHEAD

Expect to Land Tonight at 8 o'Clock—Pilots Now Far Ahead of Schedule

KHABAROVSK, Siberia, June 29.—(UP)—Wiley Post and Harold Gatty, world fliers, left at 6 p. m. (4 a. m., E. S. T.) today for Nome, Alaska, 2300 miles distant, in their monoplane Winnie Mae.

They tuned up the motor, which had undergone a minute inspection during their 28-hour stay here—the longest pause since they left New York last Tuesday—and taxied into the wind, soaring north-eastward toward Alaska over a perilous course.

Little inhabited Siberian wastes lay before them prior to their journey over land and seas. They hoped to make the flight to Nome in about 18 hours, averaging nearly 150 miles an hour, as they have done on most of their flights so far.

Excellent flying weather favored them during the afternoon. They planned to take advantage of a clear sky and full moon, making night flying almost like day.

The aviators had the longest sleep since they left New York last Tuesday. They reached Khabarovsk at 2:30 p. m. (12:30 a. m., E. S. T.) yesterday, fatigued after their record breaking dash across the Atlantic, Europe and most of Siberia.

Both said today they felt fit and in good condition and both were confident they would span the perilous miles between here and Nome—and almost certain success once back on the North American continent—without mishap.

The world flight of the Winnie Mae so far has been remarkable in its precision. Post and Gatty have maintained their schedule and until today were ahead of it. They have crossed thousands of miles of land and sea with amazing speed, and only one minor mishap has marred the flight so far.

They landed on a wet field at Blakovestchensk, and were stuck in the mud for nearly five hours. Horses and men failed to budge their machine, and they worked through the night seeking to get it onto dry land, where they could take off for the 350 mile flight here. A tractor finally extricated the machine, and the only regret the fliers had was the loss of time.

The Winnie Mae will cross the international date line on the route to Nome, and thus pick up a full day. However, they said, they would not count that in their checking up on the time it takes them to circle the earth, but that they would measure it in elapsed time from New York to New York.

Reception For Fliers Is Planned

Mother Kennedy Is Reported To Be On Honeymoon

PORTLAND, Ore., June 29.—(UP)—Mrs. Minnie A. "Ma" Kennedy, mother of Aimee Semple McPherson, much publicized Los Angeles evangelist, and the Rev. R. G. Hudson of New York were reported on a honeymoon "somewhere in Oregon" today after their wedding early Sunday.

The ceremony was reported secretly in Longview, Wash., near the Oregon state line, by the Rev. J. G. Guy. Only three witnesses accompanied the two. The newlyweds, who had announced their wedding plans only the day before, eluded newspapermen and hurried away.

She met the Rev. Hudson while they were engaged in evangelistic work at Angeleno temple, Mrs. McPherson's tabernacle in Los Angeles.

Plan Relentless Campaign Against Gambling

SLOT MACHINES ARE OBJECT OF VERBAL ATTACK

That support from other cities and organizations will be given to Ole Hanson, of San Clemente, in his campaign to keep slot machines out of the Spanish village, and that the drive against prospective gambling operations on a ship being built for anchorage off the Orange county coast will be waged relentlessly if the ship is brought here, were indicated today.

Developments revealed that public opinion against gambling is adamant and that the campaign against it may assume the proportions of a crusade.

District Attorney Sam L. Collins today announced in regard to the proposed gambling ship that his office would wage determined war against any such move. He said that he had been informed that a ship was being built in San Francisco for this purpose and that he knew plans for Orange county operations were under way.

He pointed out that Los Angeles county officials had applied every law available to operations in that vicinity but that this would not prevent him from trying to find other statutes under which to proceed. If necessary, Collins is watching the ship operators closely, he said, and is ready to strike the moment any attempt is made to solicit passengers for water taxis going to the gambling ship from an

Orange county point. He will act, he said, whether the passengers pay for transportation or are carried free.

Collins and Deputy District Attorney S. B. Kaufman hoped today to confer with Los Angeles county officials over a course of action in this matter. There are no ships anchored off Orange county at present, Collins said, but pointed out that the ship operators have been made to understand that he will not tolerate activity in Orange county.

Santa Ana delegates have been asked to participate in the mass meeting which is to be held in the San Clemente social club at 7:30 p. m. today over the slot machine situation. Response to the invitation has indicated that plenty of support for the move against slot machines will be forthcoming.

It was pointed out yesterday at the meeting of the Men's Bible class in the Fox West Coast theater here that a base is being sought for the gambling ship and large sums have been offered for a pier at which the taxis could dock.

W. B. Martin, president of the class, in commenting on gambling yesterday said: "The slot machine is a curse to our city. Young people are gambling. The machines can't lose, they are so made as to win. It is gambling pure and simple, as much as any poker game upstairs. Children can use the machines but they can't play poker upstairs."

"Mints are merely a camouflage to conceal the facts. No one cares for them or takes them."

"Hansen is not making this fight as a church man but as a man who has promised people of his community that there will be no gambling there, open or otherwise."

The Rev. W. S. Buchanan, class teacher, declared: "Gambling is one of the things the matter with this country now. So many are

trying to live without doing anything, without producing. All forms of gambling are to get the other fellow's money."

The Rev. Mr. Buchanan issued a plea to class members and other to attend the San Clemente meeting tonight and lend their support to the drive against slot machines there.

POST. GATTY HEAD PLANE FOR ALASKA

(Continued from Page 1)

to be approaching the North American continent after flying across the Atlantic, Europe and Asia, residents of Nome somewhat excitedly awaited the arrival of the monoplane Winnie Mae.

No reports had been received directly from the plane, but the fliers were expected here late this afternoon if they continue the speed with which they have been circling the globe.

Everything has been prepared for their reception. The landing field 35 miles east of Nome has been stocked with fuel and supplies, in order that Post and Gatty might refuel, eat and be on their way again if they desire to push on immediately toward Edmonton, their next scheduled stop.

The United States coast guard cutter Northland, anchored in Beering straits because of a dense fog, was standing by in event the fliers should want radio bearings or need help while crossing the straits.

Nome has no radio connection with Siberia, and its only hope of receiving any advance information on the progress of the flight would be through the cutter Northland.

Airplanes are no novelty in Nome any more; mail and express planes visit this northern outpost quite regularly, but the approach of the world fliers nevertheless is the cause of excitement among whites and natives alike.

TEN PERSONS ARE HURT IN 6 ACCIDENTS

(Continued from Page 1)

Ranch, Buaro road, near Garden Grove, probably sometime Saturday night.

The body was first seen by a neighbor's son, named Sakamoto, yesterday morning at 9 o'clock. Yamada had not been seen around his place since Saturday morning, it was reported. He had been dead some time when the body was found.

Yamada used a silk scarf to end his life, jumping off a bale of hay after tying the scarf around his neck and throwing an end over a rafter in the stable.

The body was removed to the Winbigger funeral home here, and no inquest will be held, Coroner Brown issuing a certificate of death today.

Death at Irvine

Dorsey M. Lundin, 31, of 330 South Grand avenue, Los Angeles, died at the Santa Ana Valley hospital early yesterday of injuries received Saturday evening when his car collided with a car operated by Charles Varin, of 170 Elmport Court, Burbank.

Death was due to internal injuries and a fractured skull, it was reported by Deputy Sheriff McKelvey, who made an investigation of the crash and who reported that Lundin had been weaving in and out of heavy traffic for some time before his car collided with the Varin machine. Lundin was on his way to San Diego at the time of the crash, to visit over the week end with his wife and small son, it was reported.

The accident occurred two miles south of Culver's corner, on the state highway, near Irvine station. No one else in either machine was reported hurt.

Three persons were hurt, none seriously, when two automobiles went over a 25-foot embankment on the Coast highway, near Cry-

stal Cove, Laguna Beach at 4 p. m. yesterday.

State police are today seeking the driver of a third car, believed to have been responsible for the accident.

According to a report made by the state police, cars driven by Alpha S. Rivers, 51, of 50 Twenty-fifth street, San Francisco, and G. D. Sutherland, 33, 2542 East Fifth street, Huntington Park, went over the embankment after another machine, in the traffic ahead of them suddenly stopped in the road. The River car collided with the first car and then swung over the embankment. The Sutherland car, in order to avoid a collision, followed the River car over into the gully. Both cars overturned on the way down.

State police want to question the driver of the first machine, relative to stop and render aid. He is said to have gotten out of his machine, with a woman and caught a ride into Laguna Beach where he ordered his damaged car taken to a garage. He also is reported to have removed the registration slip from the car.

Edward A. Thomas, employee of the Southern California Telephone company, who was at the place at the time, gave first aid treatment to Mrs. Rivers, Marcel Carr, her brother and to Mrs. G. D. Sutherland, all of whom were injured and physicians later examined Mrs. Rivers, gave Thomas credit for saving her life. She suffered a severed artery in the left hand and but for the quick work of Thomas, may have died.

Walter Meyer, acting captain of the Orange county state police, announced today that a complaint charging C. A. Clark, Olympia boulevard, Los Angeles, with felony, failure to stop and render aid, had been issued today and would be served immediately. C. H. Wolfe, state officer, who made an investigation of the accident, is the complaining witness in the case.

Beulah Lyle of 128 South Washington avenue, Whittier and Gerald Richey, of 406 Greenleaf street, Whittier, were reported injured at 7 o'clock last night when the car which Richey was driving collided with a machine operated by H. C. Phillips, 47, of 805 South Van Ness, Santa Ana.

Jack Nelson, 3, of 309 Halladay street, Santa Ana, was cut and bruised when he was run down by an automobile driven by L. J. Rodman, 45, of Covina, Saturday afternoon in front of 315 North Sycamore street. Rodman was backing into a parking stall when his car hit the youth, it was reported.

Russell Ford, 19, of 1317 South Parton street, Santa Ana, suffered a broken left arm at 9:50 a. m. yesterday when the machine he was driving collided with a car driven by LeRoy DeSmet, of 1490 Poinsettia street, Santa Ana, at Fifth and Garnsey streets.

Manuel Garcia, of Orange, was treated at the Orange county hospital yesterday for serious cuts and bruises received when the car he was driving collided with a car driven by N. A. Walker, of 465 West Third street, Tustin. The accident occurred at the intersection of the Santa Ana boulevard and North Main street.

JEWELRY, CLOTHING WORTH \$150 STOLEN

A burglar who broke into the home of Mrs. C. T. Grigsby of 123 South Bristol street yesterday, while members of the family were away from home, stole clothes and jewelry worth approximately \$150, according to a report filed with the Santa Ana police.

Among the articles listed as stolen were: a leather suit case, a three-piece woman's suit, black silk coat, brown silk dress, several other dresses, string of pearl beads worth \$20, beaded bag, an opal ring and two baby banties.

A burglar who has no respect for persons, picked a state police officer's home to rob yesterday. The victim was Ray Bradford, motorcycle officer, who reported that entrance was made through a window after a screen was cut. No one was at home at the time. A number of clothes were reported stolen.

ASKS DAMAGES OF \$1000 FOR ATTACK

Claiming that Henry Del Giorgio stopped his car on Whittaker avenue and attacked him for no apparent reason, G. Rotta today brought suit against Del Giorgio asking \$1000 damages for having been kept from attending to his business since the alleged attack. The complaint said Del Giorgio attacked him on May 26 and he hasn't been able to work since.

Rotta said it cost him \$9.50 to have a doctor fix him up after the beatings he claims to have received.

Catches Burglar, But He Escapes

Maud Allen, West Second street, thought she had a burglar locked up in her house yesterday, but when she called police and they came to investigate, the burglar had disappeared.

Mrs. Allen reported that she came home at 4 o'clock yesterday morning and opened a closet door. When she did a burglar inside, pulled the door shut. She walked out of the house after locking it up and called the police.

Officers looked through the entire place, but the man had gone.

HAYS ANSWERS CRITICISM OF FILM INDUSTRY

(Continued from Page 1)

"The payment of honoraria," it states, "to an administrative official of a religious organization by a trade association at a time when policies are being formulated in which that association has an obvious interest invites a damaging interpretation when the facts are disclosed. And the payment of honoraria to a field representative of a religious organization in recognition of services rendered on the platform, when all the while the public knows nothing of such a financial arrangement, is bound, when disclosed, to undermine public confidence on both sides and to give rise to sinister inferences."

Answering this phase of the report, Hays said:

"Whatever payments were made for services rendered by individuals associated with your organization, in order to guide producers in the treatment of themes with religious significance, were made on the basis of extra-salary compensation, the principles of which are accepted in your department's own report . . .

"In view of the fact, however, that your department feels impelled to cite the payment of such honoraria as of chief significance in calling attention to the vague and indefinite ethics of the business community, what is to be said about those who betray their religious constituents by demanding and receiving compensation for lecture tours on the subject of 'exposing the movies'?"

Hays then quotes a letter, said to have been written by the Rev. George Reid Andrews in his capacity of chairman of the federal council committee on religious drama, in which the Rev. Andrews "demands" 10 per cent of the gross receipts of the motion picture "King of Kings" for the treasury of the Church and Drama Association, of which he was executive secretary.

"From the day he was finally made to realize," Hays said, "that the industry would not accede to this and subsequent demands for contributions, the Rev. Mr. Andrews has conducted a campaign of statements and charges against the organized motion picture industry. In view of the complete silence maintained in the conclusions of your department concerning this and similar situations, perhaps there is something to be said in favor of the ethics of the American industrial and business community."

The report credits the Hays organization as having "entertained some laudable purposes, set up some constructive procedures" and with having "definite accomplishments" to its credit.

It criticizes the "misleading advertising" often used in the exploiting of certain pictures, and inveighs against the "relatively low standards of the vaudeville stage" which are allegedly creeping into the industry since the introduction of sound.

Hays, in his answer, stresses his organization's contention that "the door has been wide open" to every agency able and willing to come forward with constructive suggestions for the betterment of the industry.

Police News

Charged with being drunk, Ernest Solis and Adolfo Del Rosa, were arrested at 3:25 a. m. Sunday by Officers Murrillo and Swain and lodged in the county jail. They were found at Artesia and Chestnut streets.

J. Gomez and Francisco Gusman, of Artesia street, were arrested on a charge of possession of liquor, following a visit to their home by Officers Murrillo and Murray at 2 a. m. yesterday and the discovery of some 20 pints of beer. The Mexicans had been reported as fighting, which caused the police to go to the house.

Gilbert Arbois, of Stanton, was arrested yesterday by Deputy Sheriff McKelvey and Dean on a charge of possession of liquor, following a raid on his home which unearthed 40 bottles of beer and 20 gallons of beer in the making, together with the necessary equipment for bottling.

ling, it was reported. He was lodged in the county jail.

LeRoy Hinkle, of 1516 North Main street, was arrested by Santa Ana police officers last night, and booked at the jail as a vagrant.

Herman Watts, 25, of Balboa, was booked at the county jail Saturday night on a possession-of-liquor charge, by Newport Beach officers.

DEATHS

A WORD OF COMFORT

Do not be discouraged because you seem to fail to make the progress which you yearn to make. The fact that you keep on trying is ample evidence that the disposition of your personality is constantly being reconstructed and that you are on the way to realizing your ideal of complete devotion to God's loving will.

God knows how hard it is for you to go bravely on without the companionship in the faith of the one who has made life sweet for you these many years. He understands how you crave to see him that your dearest one will be glad, and He is helping you. You cannot fail.

IRVINE PARK IS SCENE OF BIG GATHERING

Over 2000 old time residents of Orange county gathered at Irvine Park yesterday to re-live the early days of the county and recall the times when many of the cities of the county were but dreams of the early pioneers. Seated at the tables to partake of the evening meal were over 1000 who are or have been residents of this section.

Horace C. Head, well known attorney, was elected as president of the Old Timers' association, succeeding James Sleeper, who served as president for the past year. George Peters was re-elected treasurer and Elmer Burns was re-elected secretary of the organization.

The crowd began assembling in the park early in the morning and many stayed through the evening. Sleeper acted as toastmaster for the occasion, introducing some of the oldest residents of the county.

Among those introduced were J. C. Joplin, former county treasurer who is now 81 years old and has lived in the county for many years; J. E. Pleasant, 95 years old who has been a resident of Santa Ana canyon for more than 70 years; J. H. Hall, 90 years old who was formerly county auditor and has lived in this section for more than 35 years; W. B. Tedford, who has been a resident of Santa Ana for 45 years; H. J. Williams, who has lived in Orange county since the time before Santa Ana was founded; J. C. Nichols, who was the third sheriff of this county and who now resides in Los Angeles; W. T. Newland, old resident; Mrs. Emma French, who has lived in Santa Ana for more than 50 years; Mrs. W. H. Spurgeon who may well be called the mother of Santa Ana for it was her husband that laid out this city, and Tom Harlin, another one of the county's oldest pioneers.

The meetings are annual affairs, taking place the last Sunday of June every year.

Gracey Funeral To Be Thursday

Funeral services for Mrs. Elizabeth Gracey, 81, who passed away Saturday at the family home at 333 Harwood place after an extended illness, will be held Thursday at 2 p. m. from the Smith and Tutthill Funeral home. Entombment will be made in Sunnyside Mausoleum at Long Beach. She had been a resident of Santa Ana for the past 3 years.

She is survived by two daughters, Mrs. Belle Green of Los Angeles and Mrs. Ella Harnold of Santa Ana; and two sons, R. C. Gracey of Twain, Calif., and J. R. Gracey of Los Angeles.

Special meeting of S. A. Chapter No. 73, R. A. M., at K. P. Hall, Fifth and Broadway, S. A., 7:30 p. m., June 29th, to confer the Royal Arch Degree. Visiting companions cordially invited. Refreshments.

While Everything Else was on the Decline — Investments in Our 6% Certificates were Going Up!

As you know, our country is passing through a period of business, financial and employment readjustments. These readjustments have been severe, and many investments have ceased paying dividends entirely, while others pay only a fraction of their former rate.

At the same time, general living costs and prices of all kinds have declined considerably. Every dollar invested in this Association, previous to the decline, is now worth approximately 25% more in actual purchasing power, plus the interest it has earned. This has made your non-fluctuating 6% investment very good indeed.

In fact, everybody who has had \$1000 invested in one of our 6% certificates for the past three years has made a profit of at least 14% PER ANNUM on his investment — and his investment has been SAFE.

Calvin Coolidge Says

By CALVIN COOLIDGE
NORTHAMPTON, Mass., June 29.—Whatever else may be involved two lessons seem obvious from the present condition of ourselves and the rest of the world. The immediate crisis has arisen from trying to make a good many governments of which Germany is the particular example assume larger financial burdens than their people can bear. The result was general economic disturbance. We have escaped temporarily by huge borrowings. But we shall have to pay. In 1927 we had reduced expenses excluding debt and postoffice below three billions. Since then they have steadily increased without adequate provision for a time of depression. We did not sufficiently apply the principle of governmental economy. The need of all the nations is drastic reduction of public expenses.

The other evident lesson is the necessity for peace. War ruins all participants, victors and vanquished alike. Our cost of armaments and past wars during the last year was nearly three billion dollars. Other nations find themselves burdened beyond endurance. Back of all these difficulties lies the World War. Its debts cannot be cancelled any more than the destruction of a tornado can be cancelled. Some one must bear the loss. But the next war and increased armaments can be cancelled forthwith. That is possible.

LOAN CONCERN BREAKS PROFIT MAKING RECORD

Declaring profits for the last six months have been the greatest in the history of the company, C. S. Crookshank, president, today announced that interest checks of the Santa Ana Building and Loan company will be mailed out tomorrow.

Mr. Crookshank said close to 1000 checks, totalling more than \$30,000 would be in the mails tomorrow night.

"And the remarkable part of this," said Crookshank, "is the fact that between 90 and 95 per cent of the checks would be sent to residents of Santa Ana."

BOAT WRECKED

NEWPORT BEACH, June 29.—David Nash, fisherman, went out Saturday in his fishing boat, the Columbia, and was caught in a fog and was unable to make his way back to port until 3 o'clock Sunday morning. In the fog and the high sea which was running, his boat was beached on the shore, where it was later broken up and wrecked by the waves, becoming a total loss. Nash was able to make his way to the beach in safety.

NEGRO CHORUS GIVES CONCERT IN SANTA ANA

Music lovers of Orange county will have an opportunity to hear one of the outstanding negro choruses in California on the night of July 7 when Hall's Jubilee Chorus presents a program in the high school auditorium under the auspices of the Knights of Taber, negro organization of the county. This program will be presented at popular prices, because, as members of the committee on arrangements said, "the people of Orange county have always been liberal in their support of concerts given by the negroes of Santa Ana and we feel that they are entitled to an opportunity to hear this outstanding organization."

The chorus is composed of talented negro men and women who have been trained since childhood to sing the negro spirituals and plantation melodies of the south that are so popular today.

This chorus is well known to radio and motion picture enthusiasts. At present the group is under contract with one of the largest picture studios in Hollywood and has already achieved fame in several screen productions. Two outstanding productions in which they appeared were "Green Pastures" and "Dixiana." In addition to picture and radio work the chorus has appeared in concerts at the Hollywood Bowl and the Shrine auditorium.

MICKEY MCGUIRE IS DINNER GUEST HERE

A dinner given in honor of Mickey McGuire, child screen star and his "gang" of child actors, was held at the King's Coffee Shop, on Birch street, Saturday and was attended by a number of prominent Santa Ana residents.

The "gang" and Mickey McGuire appeared in person at the Fox West Coast Saturday, before members of the Santa Ana Mickey Mouse club.

Among those present at the dinner were J. F. Burke, publisher of The Register, who made a short talk, Ray Adkinson, superintendent of county schools, Chief of Police Floyd W. Howard, Fred Faber, scoutmaster, and Ryllis Hennington, of the public relations department of the West Coast theaters.

WINNER

Beryl Ludlow, Santa Ana girl who was awarded first prize in a pajama parade held yesterday at the Virginia hotel in Long Beach. The pure white linen costume was designed by Miss Ludlow and made by her mother, Mrs. G. F. Ludlow.

S. A. GIRL WINNER OF PAJAMA PARADE

Beryl Ludlow, 18-year-old daughter of Mr. and Mrs. G. F. Ludlow, 1023 West Third street, Santa Ana, was judged winner of the first prize in a pajama parade held in Long Beach yesterday afternoon. Simplicity and grace marked the costume worn by Miss Ludlow. Both the pajama and hat were of white linen, designed by Miss Ludlow and made by her mother. Her dark beauty was emphasized by the pure white of the long graceful pajamas.

The parade was held on the tennis court of the Virginia hotel in Long Beach under the auspices of the Long Beach Amusement league. Miss Ludlow was a member of the class that was graduated from the Polytechnic high school early this month and is a native daughter of Santa Ana. She is at present employed in a local furniture store as assistant bookkeeper.

CITY ENGINEER ASKS CARE IN USE OF WATER

Because the demands on city water are naturally increased during the summer months, City Engineer DeWitt Dudley is urging that all residents of Santa Ana use care in eliminating waste of water. He said that at this season all cities are pumping down in the wells and any wastage makes the task of maintaining the necessary levels more arduous.

It is a matter of experience, according to Dudley, that demands on the city water system increase in the summer and that a continued period of excessively warm weather increases this already heavy demand.

This increase of water usage is shown in monthly charts kept by the city engineer showing the gallons of water pumped. Last month, which was rather cool for that time of the year, there were 105,253,000 gallons of water used. In April, when the first period of unusual hot weather was experienced 131,700,000 gallons were used. The first noticeable increase in water demands came in March when 109,000,000 gallons were pumped. This was a decided increase over February when consumers used 71,000,000 gallons. In January 77,000,000 gallons were used. This was a decrease from the demand for 83,000,000 gallons used in December.

CONFESSES THAT HE ROBBED GAS STATION

Asserted to have confessed that he was the hold-up man who robbed the Tustin Service station of \$34.50 in cash at the point of a gun last Friday night Maurice E. Stockton, 21, is being held in the county jail, following his arrest at Balboa late Saturday night.

At the same time, the Santa Ana police, who with Chief of Police John Stanton, of Tustin, worked on the case, reported the arrest of Vernon M. Pee, of 312 Custer street, who also is being held for investigation in connection with the case.

Stockton was taken to the service station yesterday where he convinced H. D. Carson, service station operator, that he was the

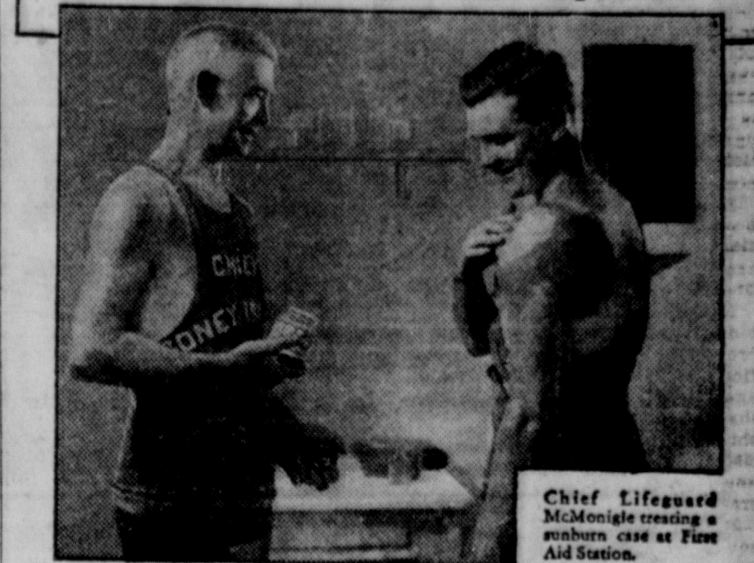

man who had help him up. Carson was slow in making the identification, and Stockton was forced to go through the movements of Friday night, before he could "convince" the station owner that he was the man.

BEST FOR SUNBURN

Beach First Aid Stations Report

Soothing, cooling Noxzema ends pain instantly . . . doesn't stain clothes

WHEN FIRST AID STATIONS and Lifeguards at America's biggest beaches use Noxzema exclusively, you can rest assured that it's the best thing out for sunburn.

John McMonigle, director of lifeguards, Coney Island says, "For going on thirty years I've been a lifeguard or director of lifeguards. In all that time I never found a thoroughly satisfactory sunburn remedy till I tried Noxzema.

"This is the fifth season we've been using it in our First Aid Station here at Coney. It cools and soothes, and relieves the soreness and burning almost instantly. And you'd hardly believe how quickly it will heal even a bad burn."

Beach authorities at many other leading resorts like Atlantic City, Asbury Park and Long Beach have also found Noxzema the most effective remedy for sunburn. Don't suffer needlessly—get a jar today at any drug or department store.

ASK SHIPPERS TO APPEAR IN RATE HEARING

Because of the importance to the citrus and other industries that find their markets in the East, Clyde L. Seavey, president of the California Railroad commission, is urging them to give their views

and any facts pertaining to the proposed horizontal 15 per cent increase in freight rates. The commission is particularly interested in securing facts establishing the effect of increased rates upon various industries and the effect of increased rates upon the volume of traffic.

Seavey included this request in a statement made at the opening of a conference with shippers and interests affected by the railroad's request to the Interstate Commerce commission for authority to make the increase. In opening the meeting he said:

"This conference has been called because this commission desires to formulate on behalf of the state a reasonable policy and attitude

to be taken and defended in respect to the carriers' proposal.

"The carriers' application is grounded upon their financial necessities," Seavey said. "Few would question the importance of maintaining the railroads on a sound financial basis. On the other hand when rates are above what the traffic will or can bear they are not successful as a revenue measure and are disastrous to industries dependent upon transportation to reach the principal markets."

The commission has indicated to the presidents of the western railroads that it would be pleased to hear, at their convenience, any views they may desire to express. As yet it is not known exactly

what course the Interstate Commerce commission will pursue. It has directed the carriers to specify any exceptions they desire to make to the horizontal increase sought. Presumably there will be hearings on the application and these hearings may come quickly.

ARRANGE SERVICES FOR ANAHEIM MAN

Funeral services are to be held tomorrow morning at 10 o'clock at the Hillenfeld Funeral chapel in Anaheim for Walter Aspdien, 66, who passed away at the Anaheim sanitarium after an illness of a few hours duration. Mr. Aspdien was a pioneer resident of the county and had lived in Anaheim and vicinity following his marriage in Orange 35 years ago.

Mr. Aspdien is survived by his widow, Mrs. Leona Aspdien; one daughter, Mrs. Samuel Brooks, of Santa Monica, one brother, Frederick, of England, and one grandchild. For the past few years the family had resided on Orchard avenue northeast of Anaheim.

The Rev. S. F. Hillenfeld will conduct the services and entombment is to be made in the Melrose Abbey mausoleum.

U. S. RECOGNIZES BOY SCOUT WORK

Official governmental recognition has been extended to the Boy Scout movement, according to Harrison E. White, executive for the Orange county council, Boy Scouts of America. According to White, the office of Indian affairs of the U. S. Department of the Interior has invited Stanley A. Harris, national director of inter-racial activities, to assist in the further extension of the Boy Scout program to all boys at Indian schools and reservations.

In issuing the invitation to Harris officials of the bureau said that the department looks upon the Boy Scout movement as "a most valuable auxiliary program in Indian education because it makes definite contributions in the development of character, training in leadership and self-reliance."

D. A. V. Does Not Sponsor Sale Of Patriotic Cards

Officers of the D. A. V. today called attention to the fact that their organization, which is recognized by the United States Congress, does not sponsor the sale of magazines or placards in connection with patriotic holidays. The Orange County unit of the national organization is the Jack Fisher Chapter No. 25, Department of California, incorporated, and its officers made the announcement at this time, inasmuch as they do not sponsor or benefit by such sales.

These magazines and cards must necessarily be published and sold by some group of veterans outside the boundaries of Orange county and the announcement stated that the Jack Fisher Chapter, or local disabled veterans do not derive any benefits from the proceeds of such sales.

New High School Teacher Employed For Coming Term

ORANGE, June 29.—W. L. Johnson of the Huntington Beach city schools staff will be the new member of the Orange Union High school staff.

Alfred H. Higgins, veteran teacher of the school, retired from the faculty at the close of the present school year. Johnson will take the place of W. H. Cummings, who took Higgins' place. Higgins had been a member of the faculty for the past 26 years.

At the last meeting of the school board it was decided to advertise for bids for a garage building of hollow tile with a stucco surface. George Campbell, head of the mechanical drawing department, prepared the plans and specifications for the building, which is to cost about \$5000.

"BIRDIE" LOSES MATCH
SAN FRANCISCO, June 29. — (UP) — George Coffey, Lincoln park golf club professional, was a sorry claimant today to the distinction of turning in a birdie and losing a hole in match play. Coffey's birdie was a real live one, a sparrow that got in the way of his tee shot and—bowed over in midair. The bird dropped dead and so did the ball. Coffey lost the hole.

POULTRY BREEDERS HOLD SECOND ANNUAL BANQUET AND HEAR LEADERS TALK

One hundred and three breeders and specially invited guests joined with Mr. and Mrs. W. C. Childers, proprietors of Childer's hatchery, 618 North Baker street, in their second annual Breeder's Banquet at the Childer's home last week.

Ten years ago Mr. and Mrs. Childers entered the poultry business and began a hatchery that today is regarded as the largest commercial hatchery in Southern California, having a hatching capacity of 250,000 eggs.

Childers acted as toastmaster during the banquet and opened the occasion with a brief speech, outlining the history of the poultry industry and the vast strides made in the industry during the past few years. He declared that the next two years point to a very prosperous condition for the poultry industry. The industry has grown in Orange county during the past 10 years until at the present time there is invested in hatching equipment more than \$250,000 with an annual payroll of more than \$63,000 distributed among more than 52 people.

Principal speakers for the evening were Dr. H. W. Graybill, director of the Los Angeles and Palmdale pathological laboratories; M. A. Schofield, known as the dean of Southern California's practical poultrymen, having been in the poultry, breeding and hatching business in Southern California for

C. BREECHER NEW MANAGER OF SMART SHOP

Announcement has been made of appointment of J. C. Breecher, former manager of the Sororities, as manager and buyer for the Smart Shop in this city. Breecher is well known in Santa Ana and on the Pacific coast as an executive having been connected with some of the leading ready-to-wear shops on the coast. The public is no doubt familiar with the Smart Shop standard of dress women's apparel and standard will be maintained at times, according to Breecher. Breecher said: "A noteworthy feature of our new policy is the fact that we plan to operate on a lower margin of profit and still maintain the highest quality merchandise. This means that every article of merchandise in the store will be offered at a new low price. These articles will be offered at prices many levels reached in the past."

"It will be my pleasure to greet many friends and customers to assure them of my sincere thanks for the many courtesies they have shown me in the past."

NEW MANAGER

M. C. Breecher, below, well known in Santa Ana, has been named manager and buyer for the Smart Shop. Breecher has announced that the store policy will continue to be "quality merchandise at the lowest price compatible with the type of merchandise offered."

TAX PENALTIES WILL BE ADDED ON JULY FIRST

County Tax Collector J. C. Lamb announced today that on July 1 an additional 10 per cent penalty on delinquent taxes will be applied and that all property which still is delinquent will be sold to the state at that time. The books will be closed as far as payment of delinquent taxes is concerned, on June 30, which is tomorrow.

Property so sold can be redeemed within a year by paying the 10 per cent penalty and seven per cent interest on the tax bill until the time of redemption, Lamb said.

He pointed out that the sale to the state is a protection to the property owner inasmuch as it will hold the land against any invasion for five years, after which it is sold at auction to the highest bidder unless the owner has redeemed it. After this sale the owner's only recourse is to the courts.

Y DIRECTOR STARTS NEW SWIM CLASSES

Athletic Director R. R. Russell of the Y. M. C. A. staff has returned from a one-week vacation, part of which was spent at Forest Home, and started a new course in swimming and diving at the Y pool. This course is for boys who can swim at least 40 yards and wish to improve their style and speed, and for boys who want to learn diving.

There are approximately 24 boys enrolled for the two classes and about evenly divided as swimmers and divers. These classes are held every morning in the plunge starting at 9:30 o'clock.

Shanklin Boiler Is Badly Damaged

Damage amounting to \$500 was done Saturday night to a boiler at the Shanklin Oil Well No. 2, located one mile north of Atwood, when someone lit the fire under it and allowed the boiler to burn itself out, according to a report made to the sheriff's office.

The case was reported to the sheriff by J. O. Thornhill, owner, who believed that the boiler's damage was done by persons who wanted to hurt him. The loss was total.

RECORD CROWD AT BEACHES IN ORANGE COUNTY

Unusual heat of the past several days brought more people to Orange county beaches over the week end than at any time this year, according to a report made by the Orange county division of the state highway patrol.

"The roads were jammed early Saturday, and the procession of cars continued over all the main arteries throughout Saturday and Sunday until late last night," Walter Meyer, acting state police captain, reported.

In spite of the heavy traffic, accidents in the county were not as heavy as usual, it was noticed. "There were so many cars on the road that the fast motorists did not have a chance and that is one reason the accidents were fewer," Meyer said.

Newport Beach and Balboa enjoyed bigger crowds than at any time before during the season. It was said, and strips of beach land which generally is not used was dotted with people all along the coast.

PAYNE ASKS COURT FOR SECOND TRIAL

When Miles M. Payne appeared in Superior Judge H. G. Ames' court today for sentence following his conviction on a grand theft charge last Thursday, his attorney filed a motion for a new trial on the ground that there had been error in decisions of law during the trial. Judge Ames set July 1 as the time for hearing the motion and continued the time for sentence to that date.

Payne was convicted after a jury trial over money and stock transactions in which he was said to have been involved. Strauss bonds formerly the property of Mrs. Nellie Wagner were involved.

The defendant also faces another trial of a similar nature, in connection with deals he is asserted to have made with Carolina and Martha Knuth.

Lt. W. K. Lindsay Ordered to Duty At the Presidio

Official notice has been received by Second Lieutenant William K. Lindsay, Infantry Reserve, U. S. A., who lives at 406 Minter street, Santa Ana, to report at the Presidio of Monterey for temporary active duty on July 15.

Lieutenant Minter will probably be assigned as one of the training officers with a unit of the Citizens Military Training Camp. This work, until a few years ago, was carried on by officers of active duty in the Regular Army but has, of recent years been turned over to the organized reserves and, according to officers of the Ninth Corps Area Headquarters, has proven successful.

Court Notes

Harry L. Turton, Anaheim automobile dealer, today brought suit against H. L. Wilkins, asking judgment for \$293.64 alleged to be due and unpaid under the terms of an automobile sale contract.

Claiming there is \$1750 due from the defendants on a promissory note, the First National Trust and Savings bank of Fullerton today brought suit against George W. Isaacs and Reta J. Isaacs.

Charging her husband with desertion, Mary Lum today brought suit for divorce against De Witt Lum and asked the court to award her custody of their minor son. They were married in 1914 and separated in 1928, the complaint said.

The will of the late William H. Taylor, who died March 24, 1931, was filed for probate today by his widow, Edna Taylor, who was named executrix of the will. The petition stated the estate is valued at not more than \$1600. Heirs listed were Georgia Fisher and Marjorie Love, daughters of the deceased, living in Anaheim; Charles Taylor, a son, living at Coalinga, and May Hamel, daughter living in Humble, Tex.

A stipulation today was filed in Court Clerk J. M. Backs' office whereby two defendants in the lawsuit brought by E. E. Campbell and others against the Irvine company and others, over alleged transportation of water outside the watershed of the Santa Ana river, may have until July 27 in which to answer the complaint. Defendants to whom this time was extended are the Fairview Farms Water company and the Newport Mesa Irrigation district.

VACATION TREK TO RESORTS IS IN FULL SWING

With the Fourth of July only a few days off, the annual trek of summer vacationists to the outdoor playgrounds of California is in full swing. Coast residents are swarming to the mountains; residents of inland towns are going to the beaches or to the higher peaks of the High Sierras and still others are preparing for sea voyages or trips to other states.

California resorts are offering sports and recreation for every member of the family and Dad can enjoy fishing at the same time that mother and the children fill their days with hiking, boating, bathing, horseback riding and their evenings with social activities.

Residents of Santa Ana who are passing vacations at June Lodge in the high Sierras or who have just returned from these include: Mr. and Mrs. John Cubbon and family, 902 French street; L. W. Harrie and Fred W. Hecker.

BOYS FROM NORTH START FOR Y CAMP

Boys from northern Orange county are leaving today for Camp Oceola, the Y. M. C. A. summer camp located in the San Bernardino mountains above Seven Oaks. According to information received this morning 75 boys are taking advantage of this second period at the resort. They will be under direction of Archie Raitt, director of the Y at Fullerton.

The Orange and Anaheim group comprising more than 90 boys returned last week from the opening two weeks period. Boys Work Director Tibbals of the Santa Ana association went to the camp Friday to attend to details incidental to the closing of a period and returned with the campers.

Resident of Santa Ana 26 Years Dies At Home Saturday

Mrs. Phoebe Vontana, 86 years old, resident of Santa Ana for the past 26 years died Saturday at her home, 703 East Third street after an illness of more than seven years. Funeral services will be held tomorrow at 10 a. m. at the Harrell and Brown Funeral Home with the Rev. Harry E. Owings officiating. Interment will be in Santa Ana cemetery.

The deceased is survived by her husband, Matthew R. Vontana; one son, Benedict P. Lippl, Santa Ana; a grand-daughter, Mrs. Fred Ahlstedt, of Orange; and two great-grandchildren.

MEETING DATES REARRANGED BY BOOSTER HEADS

Members of the Southern California Secretarial association, a chamber of commerce organization, meeting Saturday afternoon at Balboa decided to completely change the program for future meetings, according to George A. Raymer, secretary of the Santa Ana Chamber of Commerce and a member of the executive committee of the association.

Instead of holding monthly sessions the organization will meet quarterly and devote an entire day to affairs of interest to chamber of commerce secretaries. In the past meetings have been held each month, convening at noon on the last Saturday of the month.

Raymer said the change was made as a move to increase attendance and to permit the presentation of more extensive programs than have been possible under the old plan. At the meetings under the new system prominent speakers will be secured to discuss projects before the secretaries. It is believed that with the sessions being held on the last Saturday of each quarter it will be possible to secure practically a 100 per cent attendance as the program for the entire year will be outlined and members can arrange their own schedules to permit attendance.

Meetings during the coming year will all be held in Los Angeles county at the following places: Pasadena, Long Beach, Mt. Lowe and Hollywood. Sessions during the second year will probably be held in the Southern counties and in the third year the north end of the district will be covered.

AGGIE INSPECTORS IN MEETING HERE

A meeting of all inspectors connected with the agricultural commissioner's office was held in the court house annex this morning. The object of the meeting, according to A. A. Brock, agricultural commissioner, was to make arrangements for the annual survey of all orchards in the county to determine the extent of the red, purple and black scale. This survey will be conducted as soon as possible and will probably take from 2 to 3 months to complete.

The survey this year will not be as difficult as it was last year because of the fact that the mealy bug has been placed under control, Brock declared.

Three additional inspectors have been employed to assist in standardization and survey work during the survey. These men are Donald Fellman, Allan Pope and Rush Baumgardner.

Thieves Get \$65 From Hiding Place

A money sack containing \$65 in currency and cash was reported

stolen from W. M. Dillon, of 109 East First street, Sunday.

The money was taken from a secret hiding place in the restaurant which Dillon owns, police were told.

WOOD, SHIELDS WIN AT WIMBLEDON

Stars Oppose Anaheim Tuesday, Acorns Wednesday

SABELLA MAY PITCH AGAINST S. A. IN BOWL

Santa Ana will play its two National league night baseball games this week on successive evenings, Tuesday and Wednesday.

Anaheim's mighty Valentines, the Stars' most feared foe, invade the Bowl tomorrow night for one of the most important contests of the entire season.

The Long Beach match was scheduled for Friday but instead will be run off at Long Beach Wednesday at the Acorns' request.

"Chico" Sabella, best and most recent addition to Anaheim's great pitching staff, is tentatively scheduled to make his first 1931 appearance in the league against Santa Ana. Sabella recently returned from the Arizona State League where he had been "farmed" by the Los Angeles Angels, and, true to early season gossip, immediately joined the Anaheim club which is leaving no stones unturned to beat Santa Ana out of the pennant. Sabella makes the sixth pitcher the Valentines have tried this summer.

George Pace, Anaheim manager, has not formally announced his mound assignments for the Santa Ana contest, however, and may decide to use "Fuzzy" Errington, the slow ball star, who trounced Santa Ana 5-1 for the champions' only defeat of the first half of the split season.

Although the Stars combed Errington for solid baserunners during the ordeal Errington had them breaking their backs at his slow ones in the pinches. His type of pitching has always been tremendously effective against Santa Ana, so many believe Pace will send Errington right back at them rather than risk an important game to Sabella, a pitcher with amazing speed but one who has done no night ball running for nearly a year and who, at his best, was always troubled by the Stars' smart bunting attack.

Sabella and Errington are now the Anaheim pitchers, Russell Cogans having been signed as an outfielder in accordance with the league's recent ruling which prohibits any team from having more than two registered moundmen. Santa Ana did the same thing with Joe Ochso. The Valentines have released outright their other runners, Ed Loftus and "Lefty" Sutphen. It is not known where they will go.

George Lackey, Santa Ana's manager, is reasonably certain to use "Jumpin' Joe" Corneliuss to ace, although there is a possibility that Earl Morrill, always a thorn in Anaheim's side when with Garden Grove, may be a surprise starter. Morrill beat Anaheim twice last year.

It was definitely learned today that "Easy" Wilcox, Santa Ana's sterling catcher, easily the best in short-base night ball, will not be able to work in either the Anaheim or Long Beach engagements this week. He will return to action Tuesday-week against Huntington Beach, however. Wilcox's eye wound is healing rapidly but his physician has advised him to give it another week of rest.

Every seat in the Bowl has been reserved for the Anaheim encounter and about half of the tickets were sold at noon today. The pastebards will remain on sale at the Victor Walker sporting goods establishment, 219 West Fourth street until 6 p. m. Tuesday.

RIVERSIDE OPENS NEW PARK WEDNESDAY

Riverside will open its new baseball park Wednesday when the Rubes meet Colton in the second game of a two-out-of-three play-off for the first half championship of the American Night League.

This announcement is of considerable interest locally as Riverside is a possible championship series opponent of Santa Ana's.

Riverside's new grounds will be at the Riverside high school stadium which has seating accommodation for 2500. The infield will be of dirt, the outfield turf.

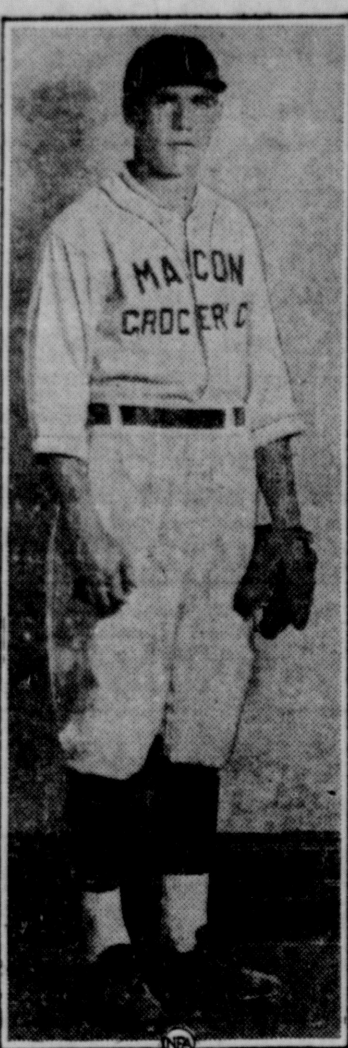

The old Riverside park will be retained for practice games. It is a bandbox where visiting outfielders had difficulty judging fly balls and where many popups sailed over short fences for homers.

Riverside started the second half of the inland conference's split season in defeat, taking an 8-5 pasting from San Bernardino, an outfit that was able to win but one game in 14 during the first half.

FOOTE, SAINT COACH, MAKES ACE GOLF SHOT

Santa Ana today admitted a new member to the ranks of its exclusive Hole-In-One club.

He was W. W. (Bill) Foote, high school and junior college athletic coach, who sunk a beautiful pitch shot from the tee of the 175-yard No. 6 hole at the Santa Ana Country club golf course yesterday.

Foote used a No. 6 iron and was dead to the pin all the way. The ball dropped on the edge of the green, rolled directly to the cup, disappeared without even touching the flagpole.

Playing with Foote were other members of the country club's famed "small-pac" foursome—Dean Colver, Warren Fletcher, Gordon B. Talbert. Numerous other golfers, slowed down by heavy Sunday morning golf "traffic," witnessed the feat, too.

Coch Foote accounted for the 26th hole-in-one made under official conditions at the country club. Other aces were produced in the following order: George B. Shattuck, Z. B. West, Jr., A. W. Rutan, C. E. Parker, M. B. Lacy, Miss Edith Twist, Rol and Dye, Paul Williams, Warren Fletcher, J. S. Warner, Van Pomeroy, George Parker, T. F. McGilvray, B. V. Curry, Eugene Fenelon, L. W. Bemis, J. S. Warner, Gordon Talbert, Judge G. K. Scovel, E. K. Gerhardt, Arthur A. May, H. Drummet, Donald Kennedy, C. P. Patton and R. A. Emison.

Country club officials believe that 26 holes-in-one, accounted for in six years, constitutes a record of some kind.

Foote's ace assisted him to take second place in medal play sweepstakes which went to C. R. Furr with a card of 82-14-68. Foote had 79-10-69, J. L. Ainsworth, 86-14-72; H. B. Van Dine, 86-14-72, and Ed Holmes, 80-8-72, all tied for third.

Dr. W. F. Kistingner was best in Class A—B. V. Curry, one up; L. W. Bemis, L. D. Coffing and W. W. Foote, two down. Class B—Dr. M. A. Patton, one up; J. E. Liebig, Harry Spencer, A. A. Beard, A. B. Rousseau, A. G. Flag and Dr. A. H. Domann, two down.

HAGOBIAN CYCLE CHAMP

LOS ANGELES, June 29.—(UP)—Peter Hagobian, Fresno State college, won the 116-mile pre-Olympic bicycle race held here yesterday by the Wheelmen of the Nineteenth Century.

GOLFERS BEGIN GATHERING FOR NATIONAL OPEN

TOLEDO, O., June 29.—America's greatest golfers, and some of England's too, flocked into Toledo today. They came in quest of the glory that will go with the winning of the 1931 National Open championship which will be played over the Inverness Country club course Thursday, Friday and Saturday.

They were more confident than in previous years because, for the first time in more than a decade, this is an open golf championship that will not be dominated by Bobby Jones.

Jones will be here but merely as a spectator. He is due in town tomorrow. The very fact he is not competing has made an "open" championship in the strictest sense of the word.

For once there is no favorite. Any one of a dozen of the most famous golfing stars may win and then again the honor may go to what may be termed a "rank outsider." The scoring, too, is expected to be better than in the tournaments in which Jones participated because Bobby's very presence used to add a few strokes to the games of his competitors.

NEW BOXING PROBE DUE IN CALIFORNIA

SAN FRANCISCO, June 29.—(UP)—Another investigation of California boxing and wrestling under which fights and wrestling matches are now conducted. Wixson also is identified with the sport.

The committee will report to the 1933 legislature.

Morrison, once a prizefight promoter, sponsored the California law under which fights and wrestling matches are now conducted. Wixson also is identified with the sport.

MACIAS BOXES LA SALLE; RUIZ FACES QUINTERO

Santa Ana fighters appear prominently in big club boxing news this week, no less than three local main-eventers getting chances in a top spot at the Olympia.

"Wild Man" Macias, Roger Shipley's barrel-chested Mexican welterweight, starts in a win-up at Willington Wednesday night against Bobby La Salle, erstwhile "bad boy" of the boxers. They are due to go ten rounds.

La Salle but recently returned from a successful eastern invasion. Macias has just recovered from an arm injury that hampered him in a bout with Homer Gaines at the Los Angeles Stadium and cost him a top spot at the Olympia.

Joe Ruiz, cleverest of Santa Ana fighters, headlines tonight's program at the Los Angeles Stadium. His opponent is Manuel Quintero, a Spaniard, one of the ranking welterweights.

Tony Moreno, Placentia bantamweight, appears on the same card against Battling Dodo.

40,000 EXPECTED AT LONDOS-STEELE MIX

NEW YORK, June 29.—Wrestling, which changed from a minor to a major sport throughout the country during the past winter, hits a new highwater mark at Yankee stadium here tonight when Jim Londos, recognized as champion in New York and Pennsylvania, defends his title in a finish bout with Ray Steele, the corrugated Californian.

Between 40,000 and 50,000 mat addicts are expected.

If the attendance comes anywhere close to expectations, a new record will be set. The present record of about 30,000 was set more than 20 years ago at the championship match in the ball park of the Chicago White Sox between Frank Gotch, American champion, and George Hackenschmidt, the European giant.

GIRL HURLS DISCUS FOR WORLD RECORD

SAN FRANCISCO, June 29.—(UP)—Miss Billie Von Bremen of San Francisco today claimed a new American discus record for girls, of 123 feet, 11 inches, established at a track and field meet in California Park here.

The recognized American record of 115 feet 6 1/2 inches is held by Lillian Copeland, Pasadena.

Miss Von Bremen won the 50 and 100 yard dashes as well as the discus event.

From college halls to major league baseball parks is the step big Jim Peterson, above, would make. Until he graduated recently, Peterson was a pitching star for the University of Pennsylvania nine. Now he wears the uniform of the world champion Philadelphia Athletics.

CORUM DINES WITH STRIBLINGS, FINDS THEM VETERAN TROUPERS AND 'MA' FINE SOUTHERN COOK

By BILL CORUM
(International News Service Sports Writer)

GEAUGA PARK LAKE, OHIO, June 29.—Outside the merry-go-round made shrill and merry, the human roulette wheel shook, rattled and rolled. The steam calliope moaned that same mournful throndy that calliope has been moaning since the first one was invented. The roller coaster coasted amid the shrieks of clinging femininity. The Barker barked. The show went on.

The Striblings Dine

In the midst of this, to say the least, carnival setting, the Striblings, old and young and middle-aged, were having their Sunday dinner. In a cottage set plump down in the middle of this corn belt show business, Pa and Ma, and W. L. and Baby were holding open house over a homecooked Southern meal.

There was a large lady from Wichita, Kansas; a genial gentleman from Birmingham, an automobile salesman from Akron, two or three old friends of W. L.'s the Four Striblings and a sports writer from New York, who just can't keep away from any place where they have real fried chicken and green beans cooked down with pork.

Ah, that Ma Stribling! She may have traveled so much that wherever Pa hangs W. L.'s punching bag is home to her, but she still cooks like a true Southern lady.

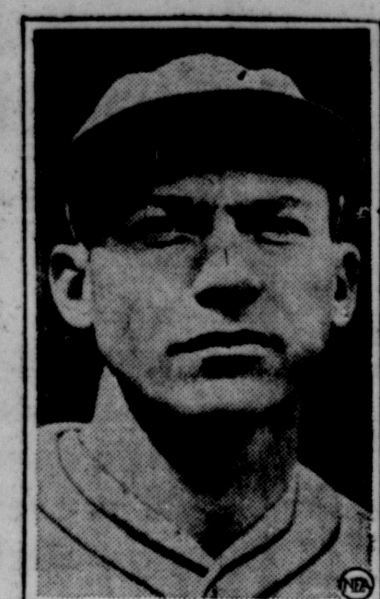

A remarkable woman, Ma. One in a million. At, I should judge, around 40, she stays comely and as full of pep and enthusiasm as a girl. For close to 25 years she has been tramping with the tops along with Pa and the other members of the family as they arrived.

Played 11 Foreign Nations

With this small-time, frequently five-day vaudeville troupe, she has played 11 foreign countries and every state in the union, not once, but as often as the wheel revolved.

And when I was so thoughtless as to admit to Pa in her presence yesterday that I thought Sharkey beat W. L. in Miami, it looked very much for a moment as though she was going to grab the skillet right off the stove and run me up the Ferris wheel.

Not since that not-to-be-forgotten day in Columbus, Ga., when

Say, aren't those Brooklyn Robins sorry they released this fellow, Harvey Hendrick? Sent to Cincinnati, Hendrick began hitting all kinds of pitching so robustly that now he is one of the leading batsmen of the National league.

YOUNG STRIBLING'S NAME FIRST FLICKERED ON THE NATIONAL FLISTIC HORIZON

Young Stribling's name first flickered on the national flistic horizon has Ma failed to be on hand at the ringside to see that her "honey" gets none the worst of it.

That Columbus affair was the one with Mike McFlue, then piloted by the Same Joe Jacobs who now pilots Schmeline, on which Referee Harry Ertle gave three decisions—one close up while he was practically wearing a rope for a necktie, one middle distance and one from the comparatively safe haven of the Pennsylvania station.

Three Different Decisions

First, it was a victory for Stribling. Coming through Baltimore on the way north it became a draw. As they stepped off the train together Mr. Ertle leaned over and raised "Ould Molke's" hand.

That fight taught Ma a lesson. She now trusts fight officials with something of the same confidence an old hen reposes in a chicken hawk. She takes her own stop watch and her station in W. L.'s corner, and woe be unto the gentleman who starts any long or short counts or clipped round funny business.

"I don't suppose any other pugilist in the world save Stribling could condition himself in the Geauga (pronounced Jeogah) amusement park setting. He has about as much physical privacy as Mr. Irvin Cobb's goldfish.

I could picture what would happen to the bookish Tunney, for whom even the main road of Speculator, N. Y., was too public and crowded.

But W. L. apparently doesn't mind it greatly. He did admit that the "peepers"—those who surround his cottage at a none too respectful distance and try not to miss anything that's going on—annoyed him some.

The routine of the resort and his own part in it, however, he takes as a matter of course. A trapper all his life, he walks through and past it without apparently noticing.

The 221-30 ball, as compared with the new ball which is 4.3 per cent lighter . . . yet that is the ball on which Vardon, Braid and other stars of the past built their game.

Stribling is the overwhelming choice to beat Schmeline . . . but look what they did to Cornell . . . good big men ought to be able to beat good little men . . . all right, go and find us some good big men . . . Carnera can't fight . . . Mickey Walker would murder him . . . Albert Finley is riding winners on Canadian tracks . . . he's only 59 . . . and Grey Lag is running again . . . Grey Lag is only 12 . . . and has three legs . . . but knows exactly what to do with those three legs in the old stretch . . . One-Eye Connolly has arrived in Cleveland for the fight . . . lending some legitimacy to the affair.

To the winner of the U. S. Open golf championship at Inverness Country club at Toledo, O., July 2-4 will go this attractive mantel decoration (the cup—not the girl). The trophy has just submitted to its annual polishing when pretty Helen Henning of Toledo picked it up to admire it. The trophy was a recent possession of Bobby Jones—but he doesn't want it anymore.

CITY LEAGUERS IN BATTLE FOR SECOND PLACE

Although the undefeated Hill-Cardens have already clinched first money under any circumstances, there is still a fight on in the Santa Ana City Night Baseball league which begins its eighth week in the Bowl tonight.

Four teams—the Moose, Mystery Team, A's Auto Service and First Presbyterians—have excellent prospects of finishing second to the Hill-Cardens so the outcome of closing contests this and next week will be watched closely by all intra-mural fans.

Presbyterians and Baptists collide tonight, this being the play-off of a game postponed early in the race. Other games this week: Wednesday—Hawley's vs. A's Auto Service, 7 p. m.; Moose vs. Mystery Team, 8 p. m. Thursday—20-30 club vs. Spurgeon M. E. South, 7 p. m.; Hill and Carden vs. Baptists, 8 p. m. Friday—Presbyterians vs. Monroe's pharmacy, 7 p. m.; Mystery Team vs. Hawley's, 8 p. m.

BACHMAN MAY JOIN NOTRE DAME STAFF

WICHITA, Kan., June 29.—(UP)—Jesse Harper, Notre Dame athletic director, and Charley Bachman, University of Florida football coach, conferred here today, reportedly to discuss Bachman's joining the Irish staff.

Bachman, it was understood, may sign as coach at Notre Dame if Hartley ("Hunk") Anderson, III at Rochester, Minn., is unable to take charge of the football staff this fall.

Betty Robinson Near Death In Airplane Crash

CHICAGO, June 29.—(INS)—Betty Robinson, 19, Olympic sprint champion, was fighting for her life today as investigators probed the airplane accident that may end her athletic career.

Betty had gone up with her cousin, Wilson Palmer, 18, in an old plane which some said was a "flying coffin." The craft had attained a height of 400 feet when the motor failed and it nose-dived.

FRANK DEFEATS 'BUNNY' AUSTIN IN FIVE SETS

WIMBLEDON, Eng., June 29.—(UP)—Sidney Wood, 19-year American Davis Cup player, advanced to the semi-final round of the Wimbledon men singles championship today by defeating old P. Hughes of England, 6-4, 6-3, 6-1.

America placed a second place in the semi-finals when Fr Shields of New York defeated "Bunny" Austin, England's reigning player, 6-3, 2-6, 5-7, 7-5, 6-4. Frederick J. Perry, England's most promising young player, defeated John Van Ryn of Philadelphia, member of the American Davis Cup squad, in straight sets, 6-4, 8-6, 7-5.

Jean Borotra, France, championship favorite, defeated Jiro Sato of Japan, 6-2, 6-3, 4-6, 6-4, will meet Shields in the semi-final round.

Wood started a terrific battle but found that a fast game was an advantage to Hughes. The gleeman skinned the net with his speedy drives, forcing Wood to drive his forehand chops of the court and to net his hand attempts.

Plays "Soft" Game

In the second set, Wood also played a puzzling Hughes "soft" backhand cuts. He continued his soft game in the third set, mixing it occasionally with rallies at the net, where he frequently passed the British player.

Wood completely outgenera Hughes in the final set and as he pleased. Hughes had several double faults and was unable to cope with Wood's slices.

Shields, however, was forced to make a tremendous rally to force Austin, playing excellent tennis, took the second and third sets and had match-point in the game of the fourth set. With a net needing but one point Shields deserted the baseline and moved into the short court where superb volleys won the game.

Shoots Four Service Aces

With the score at 5-all, Shields took the eleventh game with service aces. He was given tremendous hand by the gallery.

Once in command, Shields Austin no rest, running the Englishman from corner to corner sharply angled volleys and sizz drives down the side court.

The start of the fifth set found Austin weary and Shields literally drove his opponent's feet.

Shields appeared unbeatable the first set, but Austin, playing coolly, found his game in the second and completely outgenera his huckler opponent. Austin continued his dazzling work in third set. Time and again slight Englishman came to net and smashed Shields high for points.

Pace Tells On Austin

The pace began to tell on Austin in the fourth set. His lack of sting and he was unable to cover the court as in the opening sets.

The fifth set found Shields as fresh as at the start while Austin has bogged down considerably. Sensing his opponent's condition, Shields opened and completely smothered spent Briton.

Mrs. L. A. Harper of Oakland, Calif., ranking American women tennis player, and Mrs. John Ryn teamed today to win a one-round women's double match from Miss Dorothy Alexander and Miss B. Watson of England, 6-3. Both teams drew first round byes.

The British mixed doubles of H. G. N. Lee and Miss Phyllis Mudford won a first round match over Norman Farquharson and South Africa, and Miss H. Jacobs of California, 17-18, 6-1.

Van Ryn's Service Erratic

Both Van Ryn and Perry played sparkling tennis, but the Briton was more accurate than his rival. Ryn's usually strong service was erratic and although he frequently won his rally he was also guilty of numerous double faults.

Van Ryn played heavily to Perry's backhand, but the Briton got his backhand weakness in forehand drives which caught Ryn off balance.

Cleaning Firm To Sponsor Broadcast

The radio program which opens the broadcasts daily over KREG under auspices of the Santa Ana Church of the Nazarene, will be sponsored this week by the Equity Cleaners, 219 East Fourth street, it was announced today by the Rev. U. E. Harding, church pastor. Sons of the Rev. Mr. Harding are managers of the cleaning establishment.

These programs, consisting of scriptural readings, gospel songs and a brief inspirational message, go on the air from 9:30 until 10 a. m. daily, and are arranged by the Rev. Mr. Harding. Members of the church also assist in the presentation of the programs, which have come to be one of the popular spots on the daily broadcast.

A new combination of KREG artists will combine their talents tonight over the local station from 9 to 9:30 p. m. The group is made up of Art Cannon, KREG studio pianist; Glen Rayhawk, musical saw artist; and Bill Obar, vocalist.

The boys will present 30 minutes of popular music and are scheduled to appear again over KREG Thursday night from 9 to 9:30 p. m.

JAIL TALK INCENTIVE
SEATTLE.—William Leonard, 23, was taken to police court, charged with begging. He professed to be deaf and dumb. Court attaches tried various ruses, attempting to make him talk, but all failed until Judge John B. Gordon suddenly caught his eye and asked, "Do you want to go to jail?" Leonard quickly replied "No." He was escorted to a cell.

WESTMINSTER

WESTMINSTER, June 29.—Frank Eastwood underwent an operation Friday for the removal of his tonsils by Dr. Russell L. Johnson.

Mrs. Marie Hare, principal of the Alamos school, and Hollis Fitz, principal of the Fountain Valley school, are among local teachers taking summer courses. Both Mrs. Hare and Mr. Fitz are attending night classes at U. S. C.

The Rev. R. A. Weld, Hemet, called Friday in the home of Mr. and Mrs. Wells McCoy as he was passing through to Long Beach.

MIDWAY CITY

MIDWAY CITY, June 29.—Announcement of three cottage prayer meeting groups for the Midway City Nazarene church in connection with the arrangements of the special John Brown revival committee is made for next Tuesday morning from 9:30 to 10:30 o'clock.

As the local congregation is scattered through three communities the meeting places are being centralized. The Midway City meeting to be held at the home of Mrs. N. W. King, of Van Buren street, with A. A. Ball as leader; that at Oceanview at the home of Mrs. Essie Robinson with Mrs. Robinson as leader, and at Huntington Beach at the home of C. B. Austin, corner of Acacia and Eleventh streets, Mrs. Addie, leader.

The Rev. J. J. Woodson, pastor, A. A. Ball, minute man and Kenneth McMillan, local chairman of ushers, attended a general committee meeting in Santa Ana, Thursday evening. The Midway City church was appointed to see that four minute talks by minute men are given at the Westminster Presbyterian church, the Wintersburg Methodist church and the Wintersburg Japanese church.

A new orchestra was organized Thursday evening by pupils of Mrs. Ed L. Hensley's music class, the practice being held at the Midway City Community hall. It is the plan to have 20 members in the orchestra.

Those joining the orchestra were Virginia Ferguson, violin; Miss Evelyn Reed, violin; Billy Rose, violin; E. M. Toussaint, saxophone; Rose Basse, cornet, and Peterson, trumpet.

Mr. and Mrs. Armand Hell and daughters returned Wednesday night from Chowchilla, where they have been at their ranch.

The boys of B. B. Brown's Sunday school class of the Presbyterian church of Westminster met at the Brown home Thursday evening to make preparations for conducting the opening exercises of

the school Sunday in a contest between classes. Toward the close of the evening the group was served refreshments by Mrs. Brown.

Mr. and Mrs. Bryan Crawford and daughter, Lois Crawford, of

Santa Ana, were entertained at luncheon Thursday by Mrs. Crawford's brother-in-law and sister, Mr. and Mrs. M. J. P. Hell.

Mr. and Mrs. Ray Miller and children of Huntington Beach joined Mr. and Mrs. S. A. Miller

and family and the Wyoming v. ora at a dinner party following their arrival here.

Mrs. Richard Arnett took her Thursday, with her son daughter-in-law, Mr. and Wayne Arnett, of Cypress.

Addresses Heard Yesterday In Santa Ana Churches

CHRISTIAN GOD IS SUBJECT OF REV. BUCHANAN

The very purpose of the church of a Christian life is to manifest God," asserted the Rev. Walter Buchanan, pastor of the First Christian church in his sermon yesterday morning on "The God of a Christian." "Make God your goal and He will lift you to higher things. The Christian God is not a myth. He is a personality to whom you can go with your troubles and find help. "Christianity to a Christian is communion with a personal God who understands the life and problems with which we are faced. It is a self-evident fact that there is God. He is the greatest need of a philosopher and the human part in all walks of life. You may depend on Him. "The Christian God will help in building character, in business and all interests of life. He knows not only what we do, but what we can when we do it. We often are too slow to understand why men and women about us do some things, but God knows. "The Christian God is also a God of suffering and a God of love. He suffered with His Son on the cross and He knows what suffering means. He will help you in your time of suffering. He continually expresses His love for us and this love makes it possible for us to forgive those who have forgotten others."

Of course if you really enjoy doing the family washing every week, that's one thing! But if, like most women you dread it and only do it from a mistaken sense of economy just want to suggest that for a single month you let us do it for you and at the month's end balance up the small money cost against your greater freedom, your better health, your lack of back-ache—against the numerous compliments your husband will give you on your improved appearance and sweeter disposition not forgetting the fact that your clothes will look cleaner and be cleaner than when you do them at home. And I think you'll feel like so many other Orange County women that we make a mighty small charge for the service we render.

HOUSTON TAKES FAITH AT WORK FOR SUBJECT

"Faith at Work" was the topic of the sermon delivered yesterday at the Southside Church of Christ by the pastor, the Rev. C. C. Houston. The Rev. Mr. Houston used for his text Gal. 5:6 and Jas. 2:14-18. He said in part: "Many things in life are the outgrowth of faith in one another and in God. Many good works are done for their own sake and are the real benefits to the doer and the good to others without any thought of their being the result of faith in God, or of such faith being at work because they believe in God. Thus many good works are not of necessity what we would call works of faith. We may do them because we believe in Christ, or do them for some other reason. "The infidel may be generous, liberal, kind, affectionate, and sympathetic. He may be foregoing in his family, charitable toward the needy, but who would say he did these things because he believed in Christ, or because they were acts of faith? Belief in Christ may cause us to excel in these splendid works, may make us more forgiving, and cause us to expend our energies more lovingly in these ways; yet works which spring from faith are those of obedience to God because He commands. "They are the kind that look up to God and are guided by Him, and do the thing commanded because of that and for no other reason. They rejected all other reasons. They can have no other, but the authority of God for that faith at work in the thing that is done. As an illustration, God commanded Abraham to leave his kindred, his native land, and his father's home. No apparent reason is before us but the command of God. It was not a conception of his to better his circumstances. Why did he go? It was his faith at work. He went because God told him to do so. No other motive prompted. "If there is no apparent connection between the thing commanded and the result to be obtained, it then is faith at work. When the walls of Jericho fell by faith, it was after the citizens had expressed faith in doing the thing they were told to do. This was peculiar to this one city. Other cities fell before Israel, but not in this way. This was a divine plan of siege alone. The others were regular. No judgment of men here. It would have been far different. It was a trial and triumph of faith at work in doing what God said whether they could see any connection between the thing to be obtained and the means of the obedience of faith. May we not show the same kind of faith in the Christ and do what He commands even if we do not see any good to come from the thing commanded? It might be the highest kind of faith to reach the blessing of approval for some today to obey the command of the Lord to be baptized in the name of Christ. If you can see no other reason, then do it because He has commanded."

CHRIST HUMAN STANDARD SAYS REV. ANDRES

The Rev. Paul Andres, pastor of the Christian Spiritual Science church here, spoke to his congregation yesterday on the subject, "Friend and Brother," taking as his text St. Matthew 11:19. The Rev. Mr. Andres said in part: "The Master's standard of human life is the highest yet conceived, and brotherhood is its central and abiding element. He gives a religion which takes up and absorbs all the truths in other religions, and He adds the factors which make it ultimate, and will in due course, render it universal; and in every line of it it is the religion of brotherhood; and its unique characteristic and strong commendation is, that He who found it is Himself what He taught. "He achieved the life He prescribed. He was the Brother every man should be. Action preceded and led the way for speech. He did, and then said. The sermon on the Mount astonished those who heard it, partly because of its contents, but also because in fact it was backed by His deeds, was autobiographic and charged with the mighty forces of His personality. The Beatitudes were lived first; and then fell from His lips in their native simplicity and beauty. The seemingly impossible ethics He preached as principles of living were counsels He had followed. He had loved His enemies, prayed for those who despitefully used Him; and enjoyed the blessing of those who were persecuted for the sake of the right and true and the good; displaced anxiety by trust, and low aims by the most determined search for the Kingdom of God. "He is the supreme Authority on brotherhood because He lived the brother's life, not only without a solitary flaw, but with a splendid fullness and strength. So we sit at His feet with unlimited confidence, and bow to His authority with glad reverence and unstinted homage. "He bestowed upon the human race that sublime formula of brotherhood: the lips of patriots will cease to utter the word foreigner as a term of reproach, which in men calling themselves brothers, is a blasphemy against the teaching of the great Master."

POPULAR PIANIST WILL BROADCAST

Another of the classical programs presented by Welma Souvageol, concert pianist, will be broadcast from KREG tonight from 8:30 until 9 o'clock. The program will include "Impromptu" F Sharp minor, "Etude" C major opus 10, "Ballade" G minor, "Etude" G Flat major opus 25, "Barcarolle" F Sharp major, and "Impromptu" A Flat major. All these compositions are by the celebrated Chopin. Madam Souvageol will broadcast another program from KREG Wednesday from 8:30 until 9 p. m., it was announced.

CHRISTIAN SCIENCE

"Christian Science" was the subject of the lesson sermon, Sunday, in First Church of Christ, Scientist, Santa Ana, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text was from Isaiah: "Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee." Among the Scriptural selections in the lesson-sermon were other words of Isaiah: "The people that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon their hath the light shined." "Break forth into joy, sing together, ye waste places of Jerusalem: for the Lord hath comforted His people, He hath redeemed Jerusalem. The Lord hath made bare His holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God."

PURE IN HEART ARE DISCUSSED BY REV. AKER

The Rev. C. M. Aker, pastor of the Spurgeon Memorial Methodist church, South, spoke Sunday morning on "The Pure in Heart Shall See God." The address was a series of Sunday morning sermons on the Beatitudes. He spoke in part as follows: "Lofly and remote as this Beatitude may seem in this sad world so full of sin, certainly Jesus did not mean to mock us by holding before us the impossible, when He said, 'the pure in heart shall see God.' Other teachers may trifle thus with men's souls, but not the Galilean Teacher. The record says that Jesus, seeing the multitude, opened His mouth and taught them saying, 'blessed are the pure in heart, for they shall see God.' "What did Jesus really mean when He said the pure in heart shall see God? He evidently was not talking about seeing God with these natural eyes as we see other objects. His own disciples seem to have had that desire when they said, 'show us the Father and it will satisfy us.' So it may be we have eyes and yet see not God as He stands before us. Jesus rebuked them by saying 'he that hath seen Me hath seen the Father.' "Jesus did not mean that we could see Him simply through the intellect. God cannot be reduced to a system of logic nor contained within the apparatus of a laboratory. The highest and noblest things come not through the intellect, but through the heart. One can never find a mother's love by trying to reduce it to a system. That is found out through a loving heart. "And so it is with seeing God. Jesus tells us that God is to be seen through a pure heart. It is through a medium that is free from the fog of sin that a vision of God is given. And God is to be found through no other. "But the question comes home to us, is it possible for us in an evil world to come into possession of a pure heart? For this purpose Jesus Christ came. That is the mission of Christ. He might destroy the works of the devil. To enable us to live pure and holy in this present world was the object of the whole plan of redemption revealed from cover to cover in the Bible. This was the purpose of the life, death, resurrection and the outpouring of the Holy Spirit. That He might sanctify and cleanse His Church, a glorious Church, holy and without blemish. "The gospel of Christ is not a merciful provision by which men can continue to sin and still enjoy heaven when they die. It is an arrangement whereby we can get rid of our sins and live a life of purity in an evil world. Christ proposes to take us to heaven by putting heaven inside of us here and now. "So Jesus declares that the pure in heart have God with them here. The ability to see God is conditioned upon the medium of a pure moral character. Charles Kingsley, dying exclaimed, 'How beautiful is God!' He only came to this vision in death by seeking with all diligence to keep his heart pure while living. It is essential that we set our hearts upon purity in this life. The way to a pure heart is very difficult, and only those can find it who really care for it."

PASTOR URGES TURNING FROM SIN TO CHRIST

At the First United Brethren church, the Rev. R. W. Harlow, pastor, spoke Sunday on the topic: "The Two Ways." He said: "The wise man Solomon had been talking about moral virtues, and their contrary vices, and warning the people of the danger of following in the ways of sin; and pointing them to the way of safety, peace and joy. There are but two ways—the wide and the narrow, each of which leads to a destiny. Satan has invented one way and Solomon named it, 'The way which seemeth right unto a man, but the end thereof is the way of death.' "P. T. Barnum said, 'The American people like to be humbugged.' The devil and all of his cohorts are in that business and the American people seem to like it from the way they swallow the bait (hook, sinker and all) of the teachings of the same which are afloat in the country, all of which are contrary to the life and teachings of Jesus, who said, 'Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap.' "But one says, there is lots of scripture connected with them. Yes that is true, that is the tragedy of it all, but if you want to kill rats you do not feed them raw poison, you mix it with a good quantity of meal or some other substance that they like, and in that way you get the rat. Satan knows that he cannot feed you raw poison, so he mixes it with the word of God in such a deceptive way, that the first thing we know we are on the way that seems right, the end of which is spiritual death. The Bible tells us that the only way back to God, is through repentance and faith in Jesus Christ, who is our only Saviour, and our only hope of heaven in the end of life. Why should we try to kid ourselves along with something that does not satisfy every longing desire of the heart, and wake up in the last moments of life to the fact that we have been deceived by the enemy of the soul and at last forever?"

PROMISES ARE DISCUSSED AT ARMY CITADEL

Ensign C. O. Edwards, in charge of the Salvation Army in Santa Ana spoke yesterday in the Salvation Army citadel on "Three Great Promises." He said in part: "God has given us a Book of promises. The Bible is full of wonderful things, His promises are sure and will be carried out. Our founder, William Booth, shortly before he died said, 'The promises of God are sure if you will only believe.' The promises that God makes to us call for an expression of faith on our part. We must believe. "Among the many promises there are three we will consider this morning. '1. I will send the Comforter; 2. I will build my church; 3. I will come again.' "Jesus said he would pray the Father and He would send another Comforter, Pentecost fulfilled that promise. It has been proven over and over again that Pentecost really happened, that the Spirit came into the world to do the work Jesus said he would do in convicting the world of sin, of righteousness and of judgment. He is ever guiding people into truth and liberty. "The second promise is being fulfilled daily. All over the world the church is growing, people are being born into this Body of Christ, being changed by the grace of God, made new creatures in Christ Jesus. "In view of what Jesus has done for the world, in the sacrifices He made for our salvation, in the great price paid for redemption, it is easy to believe in another promise He made His disciples. In announcing His departure He spoke of heavenly mansions in His Father's house. He was going there to prepare a place for them and He said He would come again to receive them into Himself. After Calvary it is easy to believe that Jesus will really come as He said He would. "In all this turmoil, all this uncertainty, all this sin, the future is not bright. As some one has said, when the outlook is not bright, try the upward look. God still lives. "It is for us to let the Holy Spirit reign in our hearts. It is our task to be faithful in our witnessing, that the church may grow and prosper in divine things. It is ours to believe in the rewards of faithful services and to look for His coming. Death does not end all, we can all have a part in the greatest triumph of the ages."

REWARDED PALLBEARERS

DAVENPORT, Ia.—When Victor Torok's will was filed for probate here it was discovered he had provided \$10 for each pallbearer at his funeral.

METHODIST BISHOP VISITS FRIENDS

Bishop and Mrs. Frederick D. Leete, of Omaha, Neb., visited in Santa Ana Saturday evening as dinner guests in the home of Dr. and Mrs. Fred N. Willis, 1321 Martha Lane. While in Santa Ana they also called on Dr. and Mrs. E. M. Mills and Mr. and Mrs. James Smart. Bishop Leete is presiding over the Southern California conference of the Methodist Episcopal church, now in session in Long Beach He is executive head of the Omaha area of the M. E. church.

GOD WITH US ON JOURNEYS SAYS PASTOR

The Rev. W. J. Hatter, pastor of the Church of the Messiah, chose as the text for his sermon at the church yesterday morning the twenty-eighth chapter of Genesis. He said that when on the eve of a long journey, we often think of the dangers by the way, forgetting that God will be with us in one place as much as another. "Thus Jacob found Him in the wilderness in his dream. We may travel far from the path of righteousness, but never far from God. Always we will awake to find Him in the meanest places. No matter where we go, heaven is open to us and there is a ministry of angels if only we will respond to God's love. "It is only at night, that we behold the stars. So, in our lives, it is often only in the darkness of sorrow that we see the light of God. After the long toll of the night, we awake to find God loving us and helping us. "No matter what we do or where we go, God never leaves us. It is this that finally draws us to Him. As in the case of an erring child, no true parent will ever desert the child no matter what it may do. This all enduring love of the parent will finally awake the child's response. So the 'love of Christ constraineth us.' "What God has been to our forefathers He will be to us, if we will but respond to Him as did

PRAYER GROUPS ORGANIZE FOR BROWN REVIVAL

The prayer meeting committee for the John Brown evangelistic meetings plan to have cottage prayer meetings in all sections of the city Tuesday and Thursday afternoons at 2:30 o'clock beginning this week. Where these days are not convenient the prayer meetings will be held on other afternoons or evenings. Persons who will co-operate or whose homes will be available for a prayer meeting are asked to get in touch with Mrs. J. W. Law, 315 South Birch street. Phone 663-M.

PROMISES ARE DISCUSSED AT ARMY CITADEL

Ensign C. O. Edwards, in charge of the Salvation Army in Santa Ana spoke yesterday in the Salvation Army citadel on "Three Great Promises." He said in part: "God has given us a Book of promises. The Bible is full of wonderful things, His promises are sure and will be carried out. Our founder, William Booth, shortly before he died said, 'The promises of God are sure if you will only believe.' The promises that God makes to us call for an expression of faith on our part. We must believe. "Among the many promises there are three we will consider this morning. '1. I will send the Comforter; 2. I will build my church; 3. I will come again.' "Jesus said he would pray the Father and He would send another Comforter, Pentecost fulfilled that promise. It has been proven over and over again that Pentecost really happened, that the Spirit came into the world to do the work Jesus said he would do in convicting the world of sin, of righteousness and of judgment. He is ever guiding people into truth and liberty. "The second promise is being fulfilled daily. All over the world the church is growing, people are being born into this Body of Christ, being changed by the grace of God, made new creatures in Christ Jesus. "In view of what Jesus has done for the world, in the sacrifices He made for our salvation, in the great price paid for redemption, it is easy to believe in another promise He made His disciples. In announcing His departure He spoke of heavenly mansions in His Father's house. He was going there to prepare a place for them and He said He would come again to receive them into Himself. After Calvary it is easy to believe that Jesus will really come as He said He would. "In all this turmoil, all this uncertainty, all this sin, the future is not bright. As some one has said, when the outlook is not bright, try the upward look. God still lives. "It is for us to let the Holy Spirit reign in our hearts. It is our task to be faithful in our witnessing, that the church may grow and prosper in divine things. It is ours to believe in the rewards of faithful services and to look for His coming. Death does not end all, we can all have a part in the greatest triumph of the ages."

Newspaper Group Plans Miscellaneous Shower For Bride-elect

Suggestions of the newspaper work in which most of the guests were engaged, were apparent Saturday evening in an informal party and shower with which Mrs. Emmett Elliott and Miss Audrey Teel complimented Miss Virginia Teel, fiancée of William Fitcher, in Mrs. Elliott's home, the "Little Gray House" on Riverside avenue.

Three rounds of bridge were played, and the tables instead of being numbered as usual, represented the various departments of a newspaper with the players all striving to advance from janitor work to the chair of the owner and publisher. Bridge was followed by a special entertainment feature, "The Romance of a Society Reporter," in which guests supplied the profession of adjectives so necessary to that special career.

For the refreshment hour the card tables again were called into play and each was centered with a small bowl of primitive Mexican pottery filled with vivid phlox from the garden of the Teel home near Garden Grove. Mrs. Carl C. Thrasher assisted the hostesses in serving the refreshment course. The small bowls of flowers formed special table prizes and were presented to Mrs. Troy Smith, Miss Virginia Forney, Miss Louise Proctor, Mrs. E. D. Teel, Mrs. Carl Thrasher and Miss Helen Lutz. The blue pottery flower bowl awarded for the highest score of the evening went to Mrs. J. F. Adams.

The prizes were awarded on presentation of written orders on the County Welfare bureau, and a similar order presented to Miss Virginia Teel, secured for her the big carton of packages to which each guest had contributed. These were varied in nature, and included many pieces of clear crystal in a charming pattern, with which some of the guests started a set for the bride-elect.

Invited to share the evening with the two hostesses and their honor guest were the latter's mother and sister, Mrs. J. U. Vauter and Miss Veneta Vauter. Mrs. Fitcher's mother and sister-in-law, Mrs. Susan Fitcher and Mrs. E. L. Fitcher; Mrs. Samuel D. Teel, Mrs. Loyal K. King, Mrs. Carl C. Thrasher, Mrs. J. F. Adams, Mrs. Amel McBroome, Mrs. Troy Smith, Mrs. Jack Minihan, Miss Helen Lutz, Miss Cora Holt, Miss Frances Vieira, Miss Carmelle Swain, Miss Lucille Swain, Miss Lula Menning, Miss Mary Jeanne Silver, Miss Louise Proctor and Miss Virginia Forney.

Quiet Wedding Is Held In Minister's Home Near Fullerton

It was in the pleasant country home of the Rev. Mr. and Mrs. George A. Manshardt on Orange-thorpe avenue, Fullerton, that the wedding of Miss Martha Howard of 1011 West Fourth street, and Myron Lester of Cypress avenue, occurred Friday morning at 8:30 o'clock. The Rev. Mr. Manshardt is a retired minister of the Presbyterian church.

The wedding ceremony was one of much simplicity, attended by a little group of close friends of the young people. Miss Howard chose a smart ensemble costume in beige tones with all accessories to correspond, and wore pale yellow roses combined with orchid sweet peas.

Miss Florence Whisler as maid of honor, wore a beige semi-tailored costume in shantung crepe and carried deep pink roses. A. B. Myron of Fullerton assisted Mr. Lester as best man. Immediately after the ceremony Mr. and Mrs. Lester left for Los Angeles harbor where they took the steamer for Escondido, Mex., where their honeymoon will be spent. Upon their return they will have a pleasant apartment on West Fourth street. Mrs. Lester has been with the Green Cat cafe since she came to Santa Ana from her former home in Long Island, N. Y.

Church Wedding Unites Miss Ketchum and Marvin Cragun

Saturday, June 27, as a typical summer day in California was especially important for Marvin W. Cragun of Walla Walla, Wash., for on that day at 1 o'clock in the afternoon, Miss Myrtle Ketchum of this city, became his bride. She is the daughter of Mr. and Mrs. A. C. Ketchum, 704 Eastwood avenue.

Relatives and intimate friends of the couple were hidden to the impressive ceremony performed in the Church of the Messiah, with the rector of the church, the Rev. W. J. Hatter, officiating. Gerald Twist and Clarence Ranney were ushers, escorting guests to the pews, marked with fragrant clusters of pink and white flowers.

The musical program was a lovely one, and included violin solos by Merrill Bauer, accompanied by Miss Muriel Smith, of Orange, as organist. Miss Smith played several organ numbers before swinging into "Lohengrin's Wedding March."

Miss Ketchum was attended by her sister, Mrs. Jasper Farney as matron of honor, very attractive in a formal gown of lavender satin, fashioned with clever little bolero. Her bouquet was of pink and lavender sweetpeas, and she wore a hat of cool green.

The bride entered with her father, A. C. Ketchum, and was girlishly lovely in a gown of all-over cream lace in floor length. The pretty Juliet cap she wore was held in place with a circlet of orange blossoms, and the veil flared from the shoulders until it formed a long, sweeping train of net. The strand of crystals which she wore, and her arm bouquet of pink roses and other blossoms, completed the pretty picture.

The ceremony took place at the altar, banked with many rose and white flowers in charming arrangement. Mr. Cragun was attended by Gerald Twist as best man.

Following the wedding, a reception was held in the church social rooms and a menu of chicken salad, rolls, olives and coffee was served with the wedding cake and individual ice-cream moulds. The cake was a three-tiered confection, topped with miniature bride and groom.

Mr. and Mrs. Cragun then left for their honeymoon, planning to stop at Santa Monica for a short stay. From there they continued on their way north, expecting to spend the summer visiting the national parks. In the autumn they will go to Walla Walla, Wash., to make their home, as Mr. Cragun teaches English there at Whitman college. He is the son of Mr. and Mrs. Vergil Cragun of Minnesota.

Mrs. Cragun has been teaching at the Oxnard union high school. She attended Santa Ana high school and junior college, later graduating from U. C. L. A. She completed her education at Berkeley.

Those present at the wedding included the bride's parents, Mr. and Mrs. A. C. Ketchum, and Mr. and Mrs. Jasper Farney, Mr. and Mrs. W. D. Ranney, Mr. and Mrs. Ray Wyckoff and family; Mr. and Mrs. William Wyckoff, Mr. and Mrs. B. A. Wilson, Mr. and Mrs. Fred Stilling, Mr. and Mrs. Nick Brock, Mr. and Mrs. Rudolph Hoehn and daughter; Mr. and Mrs. Hoenschel, Mr. and Mrs. Campbell, and daughter; Messrs. Gerald Twist, Clarence Ranney, La Vel Durell, Mrs. Nell Winslow, Miss Lois Winslow, Miss Elizabeth Hoy, Miss Evelyn Metzger of this city, Mr. and Mrs. Seymour and daughter, and Miss Elizabeth Turner, Los Angeles; Miss Bonnie Clark, Long Beach; Miss Kate Benton, La Crescenta; Miss Virginia Jones, and Miss Edith Lewis, Ontario; Mrs. Frank Canning and daughters, Helen and Jan, Oxnard; Miss Ella Mary Parks, and Mrs. Charles Hunt, Anaheim; Mrs. Jessie Searls, Pasadena; Miss Elaine Smith, Miss Muriel Smith and Merrill Bauer, Orange.

Hostess Trio Presents Second Function in Luncheon Series

Presenting the second of a series of mid-summer hospitalitys, Mrs. B. H. Sharpless, Mrs. J. Frank Burke and Mrs. Loyal K. King received a group of friends Saturday in the home of Mrs. Burke on Pasadena Heights, where they repeated many of the affairs of details which had made their opening party on Thursday, so enjoyable.

Flowers in vivid colors were used throughout the home, and the smaller blossoms were arranged in low bowls to grace the individual tables at the luncheon hour. During the afternoon these tables, ten in number were utilized for the bridge contest.

The hostesses had the assistance of Mrs. Theo A. Winbiger in the various duties relative to greeting their friends, checking bridge scores, and other details. The prizes rewarding the holders of special scores duplicated those given at the opening function, and beautiful etchings; each framed ready for hanging, were presented. Mrs. Victor M. Walker and Mrs. Frank W. Slabaugh, while a sugar and cream set in translucent Beleck china, went to Mrs. J. Parley Smith.

Beautiful Linens Are Given Bride-elect At Bridge Tea

When Mrs. Warren Wilson of Los Angeles, formerly Miss Helen Battey, came down to spend the week end with her parents, Mr. and Mrs. E. T. Battey, 110 South Birch street, she took the opportunity to entertain at a charmingly appointed party, with Miss Juanita James as her incentive for the hospitality.

The engagement of Miss James and Frank Charles Herrington was announced in early June, and Mrs. Wilson made her party a linen shower for the bride-elect. An arched and green color scheme was maintained in all appointments, with zennias and pompon dahlias contributing their charm to the decorations. For the bridge session at small tables placed in readiness for the afternoon, hand-painted tally cards and score pads stressed a wedding bell motif.

Mrs. Lyman Farwell and Mrs. Richard Winkler made first and second high scores, and to the former was presented a pretty lamp while a tooled leather book cover was Mrs. Winkler's reward. A beautifully carved camphorwood chest in Chinese workmanship, held the array of linens selected for Miss James by the guests, repeating the touch of the Orient seen in the brass bowls holding flowers.

Mrs. Wilson was assisted by her mother, Mrs. Battey, in various phases of her hospitality, and in the serving of refreshments buffet style.

Sharing the afternoon with them were the honoree, Miss James, her mother, Mrs. W. H. James, Mrs. Leland Finley, Mrs. Richard Winkler, Mrs. Rolla Hays Jr., Mrs. Lyman Farwell, Mrs. Francis Selaway, Mrs. Kenneth Conner, Mrs. Gladys Kirby, Mrs. Edwin Linsenbard, Mrs. C. Kingsley Tuttle of San Diego, Mrs. J. Ellsworth Herschman of Santa Monica, Mrs. Elbert Huff of Pasadena, the Misses Beth Westcott, Frances Barr, Wilma Silver, Mary Jane Owens, Alice Majors, Virginia Berry, Thelma Patton, Lucille Bales, Nellie Bales, Rowena Moore, Ann Tarver, Charlotte Moulton and Rebecca Budrow.

Young Couple Married At Quiet Ceremony In Berry Home

A home wedding of much simplicity and charm took place Thursday, June 25, when Everett Berry of this city and Miss Alzona Chase of San Gabriel were married in the home of Mr. Berry's parents, Mr. and Mrs. C. H. Berry, 112 North Ross street.

Preceding the ceremony, Miss Edith McDonald of Laguna Beach sang "Calm as the Night" by Bohm and "Thou Art Like Unto a Flower" by Rubinstein, accompanying herself at the piano. Then as she played Lohengrin's wedding march, the bride and groom entered.

The bride, an attractive brunette, was gowned in pale green chiffon on long and flowing lines, and wore satin slippers in contrasting pale pink. She wore a wreath of orange blossoms in her hair, and carried a formal bouquet of white roses. Miss Chase was given in marriage by Mr. Browning, of San Gabriel, a close friend of the bride's family.

Miss Majorie McDonald of Laguna Beach, an intimate friend and schoolmate of Miss Chase, attended her as maid of honor. She wore a yellow chiffon frock, carrying a bouquet of pink sweet peas. George Berry attended his brother as best man.

The Rev. W. J. Hatter, rector of the Church of the Messiah, officiated at the ceremony, which took place beneath a white wedding bell suspended from an arch of ferns. Many flowers added color to the scene. Mrs. Harlow Billingsley, an aunt of the bridegroom, planned and executed all the decorations.

Following the wedding, an informal reception was held, during which refreshments of bride's cake and ice cream were served to some 25 relatives and friends in attendance. The new Mr. and Mrs. Berry then left for their honeymoon at Yosemite.

The bridegroom is a native of Santa Ana, attending grammar and high school here. Young Mrs. Berry is a newcomer to this city, and is the daughter of Mrs. C. S. Chase. Previous to her marriage she made her home in Laguna Beach and San Gabriel.

Guests present were Mr. and Mrs. Browning, Mrs. C. S. Chase, Eldwyn and Darlene Chase, brother and sister of the bride, all of San Gabriel; Mr. and Mrs. George Bent and Hazel Johnson, all of Prado; Mrs. Atkins, the Misses Ella and Ida Atkins, and Frank Weigley, of Anaheim; Mr. and Mrs. Kenneth Potter, Mr. and Mrs. Harlow Billingsley, and family; Mr. and Mrs. C. H. Berry, parents of the bridegroom, and Horace Berry, a son of the home.

Funeral services for the Rev. Thomas Vance, retired Christian minister, were held this morning from the First Christian church. He had been a minister in the Christian church for 60 years.

He was born in Ohio in 1846 and when 15 years old enlisted in the army during the Civil war, serving under Generals Thomas and Sherman. He was educated in the Normal School at Lebanon, Ohio and entered the ministry in 1872. ANN MEREDITH'S MIXING BOWL

have just had an amusing letter from a Mixing Bowl correspondent describing a week-end camping trip, all the troubles and tribulations that hovered over her particular thing. She asked me if I did not do something about her, I suggest foods one could fry and cook successfully over a camp fire? That's quite an order, while I am thinking about it, can help me. Here's how:

Write me a letter telling about your most successful camping trip, tell what provisions you took along, and for how many.

Describe the way you cooked your victuals (foods I mean).

will publish excerpts—anonymous, of course—from these letters, and between all of us, we want to get some first class information on what food to take on camping trip and how to cook it without getting the steak in the eyes and the smoke in our eyes.

TODAY'S RECIPE
BEAN LOAF
With Tomato Sauce
large can kidney beans or cup white beans, soaked and cooked
cup grated cheese
egg
chopped onion
tablespoon chopped parsley
salt, pepper, cayenne
1-4 cups toasted crumbs
strips of bacon for top
the beans must be drained dry, put through the food chopper or the onion has been ground, and the whipped egg to the beans with the seasonings, pars- and cheese. Mix well and work the crumbs. Butter a baking pan, arrange the bean loaf in it, the top with strips of bacon, cook in a moderate oven until loaf is a nice brown. Add a little water to the bacon fat as it cooks out and baste this liquid over loaf as browning proceeds. Serve directly from the baking

CHINESE HERBS

THE ROAD TO HEALTH
CHINESE HERBS have stood the test for centuries. They cured most ailments of Men and Women than all modern treatments. ALL ailments, no matter of what nature, no matter how many different medicines you have tried without results, We will relieve you quickly and permanently with our wonderful, herbal remedies — remedies that will assist nature in removing the poisons from your system and gradually rebuild the wasted tissues.

The action of Chinese herbs is entirely different from anything you have taken before, and entirely unfamiliar to most American people. They quietly and steadily creep through the meshes of your tissues, while you are working and while you are sleeping. Like friendly spirits they steal into the dark corners of human anatomy to expel the hobgoblin of disease and like good fairies, they always leave happiness in their tracks.

fish with the tomato sauce. Here is an easy way to make a good one.

TOMATO SAUCE
Heat a can of tomato hot sauce with 1 cup water and a beef bouillon cube. Season it highly, add a generous piece of butter and thicken with flour mixed smooth with cold water. Cook rapidly until the sauce thickens, then simmer over hot water for a half hour.

The bean loaf serves four with approximately 450 calories per person. This bean loaf is a meat substitute of high degree of efficiency when milk is used in some way in the meal. A dessert of baked custards with fresh fruit would serve this purpose.

This week the leaflet is the story of how a set of clever dining room chairs were made for less than twenty dollars. Send a stamped, self-addressed envelope and get a free copy of this interesting experiment.

Tuesday's recipe will be my neighbor's way of making the most delectable Caramel Ice Box Cake in captivity!

Rhone will resume her duties in about two weeks.

Bert Phlegley, son of Mrs. C. C. Jarvis and brother of Mrs. Scott Tremaine, has been brought here to the home of his mother following a long sojourn in the desert. He is reported as feeling improved over his recent condition since getting back to home, relatives and friends. Mrs. Jarvis has been almost constantly with her son for the past three months.

W. A. Culp and Felix Yriarte have taken charge of the management of the Red Lantern theater during the absence of A. D. Yost, manager, who is on an extended vacation with his family.

Leland Delaney, 14-year-old son of Mrs. H. E. Sellers, was made happy on his birthday this week when school friends and neighbors sent him many post cards reminding him of the occasion and wishing him a rapid recovery from an operation for spinal trouble. Leland is at the Children's Orthopedic hospital in Los Angeles, where he is lying in a cast for the correction of his malady.

Mr. and Mrs. Ezra Law are receiving a visit from Mrs. Law's brother, C. E. Leaphart, a resident of Lincoln, Neb. Mr. Leaphart expects to be in Southern California for some weeks.

Miss Margaret Lackey, dispatch clerk at the Brea post office, is ill at her home in the Royal Court apartments and Mrs. Deborah Neilson is assisting in the post office during her absence.

Mrs. Allie Moury left Friday for Los Angeles, where she will visit for three weeks relatives and friends. Mrs. Moury will also attend a teachers' institution during part of the time.

The R. I. Jones home at 217 South Walnut is undergoing remodeling with T. E. Moore in charge of the work. A new cement foundation has been put in and the house raised. A new bedroom and screen porch are being added and when completed with a new paint job the home will show a decided change and improvement.

Mrs. Nannie Bailey, daughter of Mrs. Sally Rankin, was taken this week to the Fullerton hospital following a serious turn for the worse in what has been a long illness. Mrs. Bailey has been an invalid for several years.

Mrs. A. Jones of the Casa Brea Inn has received a letter from her daughter, Miss Myrtle Jones, mailed back before the day before the boat on which she was a passenger landed at Hawaii, wherein she stated that she and Mr. and Mrs. H. E. McGregor, fellow travelers from Brea, were well and enjoying voyage. The party left here on June 13, landing at their destination on June 20. They expect to be away at least two months.

Fox-Broadway To Have Birthday

TO HOLD PARTY AT THEATER ALL DAY ON JULY 2

Announcement of a birthday party for the Fox Broadway theater, to be held at the theater all-day on July 2, was made today by Norman Sprowl, Fox theater manager here.

Unusual entertainment will feature the day's program which will start with a gigantic meeting of the Santa Ana Breakfast club at 7 o'clock, on the stage of the theater. Plans also are being made for a "children's show" after the matinee in the afternoon, and a new show will be started on that day for the adults.

The Breakfast Club show will include a number of vaudeville acts from Los Angeles, comedy initiation of new members and several other stunts now being prepared by the theater managers and Fred Lewis nationally known "Breakfaster," will be here to stage the initiations, it was said.

The West Coast orchestra also will be present to accompany the vaudeville numbers.

The new picture which will open on the birthday of the theater will be "Just a Gigolo," starring William Haines in his latest feature. If the children's show is held in the afternoon there will be another feature more suited for children brought here, it was announced.

"BAD MAN" PLAYING AT WALKER STATE

A laugh of every line of the dialogue of "The Bad Man" is the boast of the producers, First National and Vitaphone, and judging from the audience reaction when the picture opened yesterday at Walker's State theater it is true. "The Bad Man" is a great picture primarily because it was a great play. It is a distinct and novel story, abounding in laughs, and under the guise of a Latin temperament, kidding serious-minded Americans to the limit.

LOS ALAMITOS

LOS ALAMITOS, June 29.—The second of a series of invitation dances given by the Farmers' and Merchants' Exchange club on Wednesday night was a success. The affair was a frontier days dance and all the forty-niners were there with their flowing mustaches and six-shooters and women in hoops and poke bonnets.

Refreshments were served to over 200 persons. The next dance will be a carnival with side shows and many other attractions.

The weekly meeting of the Tuesday Pinch club was held in the Farmers' and Merchants' Exchange clubhouse Tuesday evening. Hostesses were Mrs. K. B. Warfield, of Artesia and Mrs. R. I. Cormier, of Los Alamitos. A Spanish supper was served at midnight.

Mrs. Fred Doane was the guest of honor at a garden party in the home of Mrs. I. W. Green Tuesday afternoon. Mrs. Doane who is leaving soon was presented a luncheon set of rose crystal by the Willing Workers, who sponsored the party.

Cootie was played and high score was made by Mrs. F. R. Gillis with Mrs. J. B. Rose receiving consolation.

Big Red Cars

Why waste an hour or so a day between here and Los Angeles? Such non-productive time is a logical means for sound economy and can be made to pay big dividends.

You need this time... if not for reading, planning or study, then for the necessary rest and relaxation to tone up mind and body for productive effort. Daily travel time is available for these important uses when the Big Red Cars whisk you swiftly over smooth steel rails past traffic jams to town and back.

The Big Red Cars will save you money as well as time... more than half the cost of going some other way... because Monthly Pass and Commutation fares are only 1.4 cents a mile.

Important, too, will be elimination of the nerve strain of traffic... parking and parking fees, the unquestionably greater safety and convenience of fast, frequent, carefully planned schedules.

You can't lose by giving the Big Red Cars an actual test and proving these advantages. Get schedules and fares on your line from your local agent or call TUCKER 7272 in Los Angeles today.

"FIVE AND TEN" AT FOX WEST COAST

Skyscraper banquets, bachelor apartments, moonlight trysts, zooming airplanes, charity bazaars, private trains, steamships and even Fifth Avenue busses supply the kaleidoscopic backgrounds for "Five and Ten," Marion Davies' new Metro-Goldwyn-Mayer starring picture, which opened Sunday at the new twenty-five cent prices at the Fox West Coast Theater.

Modern, daring, hilarious and yet intensely dramatic, the Fannie Hurst novel offers the star something entirely new by way of characterization.

Robert Z. Leonard directed the picturization of the Hurst narrative with an eye for pictorial value, placing the story in lavish settings and providing a swift pace for the tempo that reaches a smashing climax in the suicide of the young brother to save his mother from an indiscretion. Striking in its dramatic strength, the story is strongly laden with romantic appeal and Leslie Howard, playing opposite Miss Davies, serves to more than justify that end.

Richard Bennett and Irene Rich play the parent roles and Kent Douglas, as the brother, rounds out the Rarick family, of which Jennifer is prime factor. Jennifer, setting her cap to win the young society architect, chooses the wrong weapon with which to combat her rival. By employing her

father's money in the fight her motives are misunderstood and she loses. There is later complications, however, which brings them back together, although under rather compromising circumstances.

Rare, at times risqué, and entertaining throughout, the picture, opened here yesterday to an unusually large audience, indicating that the well known book by the same name had been widely read in Santa Ana.

Sylvia Sidney, who will be remembered here in "City Streets," with Gary Cooper, plays the co-ed. The boy in the story is Phillip Holmes. Norman Foster is the other man in the tale.

The story deals entirely with the life of a girl in a co-ed university. Her love affairs, her secrets. It tells how she loves, how she sacrifices and how she weakens. The picture reaches great dramatic heights at times, but for the most part it is college pranks, college wise cracks and college romance. Underneath there is a strain of sincerity, however, that makes it really a good picture.

THE TINYMITES

STORY BY HAL COCHRAN — PICTURES BY KNICK
REG. U. S. PAT. OFF.

The Travel Man called to a lad and said, "My boy, I would be glad if you'd bring some bananas that these Tinymites can eat. Pick out the biggest ones you can." So off the little fellow ran. The Tinymites were anxious for the promised lovely treat.

It wasn't long until the boy was back to fill them all with joy. The fine bananas he had picked were big as they could be. "Just one apiece will be enough. There is no need for us to stuff," exclaimed the kindly Travel Man. "I know what's best, you see."

The market place was quite a sight, with people rushing left

and right and pushing carts piled high with fruit. The Tinies watched awhile and then wee Cloway cried, "What say we ride around awhile today? 'Twill be fun, in a buggy of the quaint Manila style."

The buggy he referred to was a funny looking thing because a lazy horse was hitched to it. The Travel Man replied, "That is a good idea, son. I think you'll have a heap of fun. I'm pretty sure there's room enough so that you all can ride."

The man who owned the buggy said, "I'll have to charge 10 cents a head. In other words, that's 40 cents to let these youngsters go."

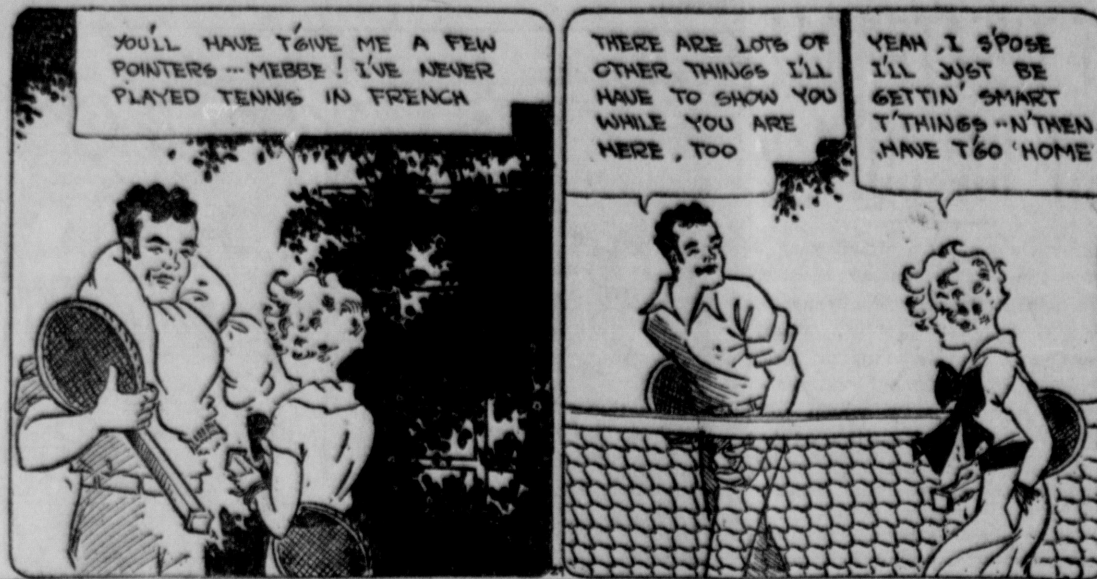

"O. K.," replied the Travel Man. And to the buggy they all ran. Wee Cloway said, "I'll drive it and I'll promise I'll go slow."

RULES

1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which is par. For example, to go from TEE to PIN in three strokes sounds hard but isn't: TEE-TIE-PIE-PIN. It's probably more difficult on a real course.

2. Change but one letter at a time and be sure the word you have used is one in good usage.

3. The order of the letters cannot be changed.

Huntington Beach Visitor Rescued From Drowning

HERO PLUNGES INTO SURF AND SAVES MAN, 50

HUNTINGTON BEACH, June 29.—Lawrence Alsey, 50, of 322 North Ynez street, Monterey Park, nearly met death in the Pacific about 7 o'clock Sunday morning, while swimming near the shore. Alsey and his wife and two children had spent the night camped at the beach. Alsey arose early and went for a swim alone. A few minutes later his wife noticed him struggling in the surf to keep afloat. She called for help.

Clarence Hauk, 23, residing at 517 North Cedar street, Burbank, saw Alsey struggling and although he was fully clad, Hauk raced into the water. Before he reached Alsey's side, the drowning man had sunk. Hauk dived several times before he caught hold of Alsey's body. He swam and waded ashore carrying the unconscious man.

On reaching the beach Hauk went word to Huntington Beach for the rescue squad from the fire department. Captain J. K. Sargent, Captain Del Barry, Captain H. J. Appleton, Leo Farrell, Jack Killian, A. Rafferty, H. L. Hibler, D. K. Clapp, W. Lombard and Gene Belcher went to the scene and, working in shifts, spent over an hour using the inhalator and every known method of reviving a drowned person before Alsey finally began to revive and breathe.

As soon as he was able to be moved they brought him to Huntington Beach, where Dr. B. W. Hardy gave him medical attention and later he was taken to his home. He will be confined to his bed for several days, it was stated by the physician.

An effort is to be made to obtain a Carnegie medal for Hauk.

Night Blooming Buena Park Plant Attracts Notice

BUENA PARK, June 29.—A night blooming cactus, a rare plant belonging to the cactus family, has been attracting considerable attention to the flower garden of Mr. and Mrs. Pleasant Stewart of 816 Fullerton avenue, during the past week.

The flower begins to unfold as soon as the sun sets and is in full bloom during the darkened hours. The blooms are white, shading to cream and yellow and are often 10 inches in diameter. The flower fades and withers as the morning sun strikes it and does not open again.

BIBLE SCHOOL ENDS SESSIONS IN BEACH CITY

HUNTINGTON BEACH, June 29.—The United Bible school, held under the auspices of the Baptist, Methodist and Christian churches of this city, has concluded its sessions. The Bible school opened June 8. More than 200 students attended. The daily attendance was practically perfect, classes meeting in each of the three churches daily during the school term. The closing meeting presented a pleasing program of recitations, songs and instrumental music and was open to the public. The entire school sang a song in which was named the various books of the Bible.

During the summer school the main course consisted of a study of the Bible, but classes in hand work were given instruction. The beginners' department was held at the Methodist church and the class made note books and other work. The primary students met at the Baptist church. They took up a study of Mexico and instruction was given in Mexican pottery and the dressing of Mexican dolls. The juniors met at the Christian church and they studied soap carving and making scrap books for children in the hospitals.

The teachers were Mrs. Hasse, of Costa Mesa, superintendent; Mrs. Della Fox, Mrs. Harold Tracey, Mrs. Arthur Murdy, Mrs. Bee Chaplin, Mrs. Fred Rowley, Mrs. James Ranney, Mrs. Knauss, Mrs. Harlan Reid, Mrs. Ralston, Miss June Rimmel and Miss Pauline Preston. Mrs. Payne, Miss Bertha Pann, Rev. and Mrs. James G. Hurst, Mrs. J. W. McIntosh, Mrs. Stine, Mrs. Paul Adair, Mrs. Gertrude Catching, Mrs. Weidman, Edward Weidman, George Weidman.

NEWPORT CHILD, 3, HURT BY MACHINE

NEWPORT BEACH, June 29.—Barbara Goodrich, 3, residing near Twenty-first and Central streets, was painfully hurt and narrowly escaped death at 2 o'clock Sunday afternoon, when she dashed across the street behind one passing auto and directly in the path of a second car, driven by W. F. Wilson, of Riverside. The Wilson car struck the child but inflicted only abrasions and cuts of a superficial nature. The child was taken to the Newport hospital, where she was given treatment and later taken to her home.

Night Boatman Annoys Sleepers

NEWPORT BEACH, June 29.—Residents living near the Union Oil company dock complained to the police that a mysterious boatman uses the dock at night. He comes in with his noisy boat and goes out again, making sleep for the residents of the neighborhood impossible. The complaint to the police was investigated but the night boatman was not located.

Mrs. C. G. White, 593 Bay front, reported to the police that her canoe, painted red with the initials C. G. W. on it, had been stolen from the bay where it was tied up.

Gets Fish Hook Caught In Nose

NEWPORT BEACH, June 29.—Albert Brickman, 15, residing at 2430 McKinley avenue, Los Angeles, while angling for fish off the Newport pier got a fishhook caught in his nose. He was taken to Dr. Grundy, who removed the fishhook and treated the wound.

RANCHER ARRESTED

ANAHEIM, June 29.—A. B. Masterson, Anaheim rancher, who resides at 624 South Dickel street, was arrested Saturday night by Anaheim officers and was booked at the police station on an intoxication charge. Chief of Police James S. Bouldin set bail at \$25 and Masterson was released to appear today before Judge Frank Tausch in the recorder's court to answer to the charge.

MERIT BADGES AWARDED BOY SCOUT TROOP

PLACENTIA, June 29.—Merit badges were awarded at a court of honor at the regular meeting of Boy Scout troop No. 100 at the American Legion hall in Placentia Friday evening. Members of the court of honor were Frank Anderson, commander of the Legion post; E. M. Everett, John C. Willis, Officer Gus Barnes, E. P. Francis and Albert Queyrel.

Roy Hill, junior assistant Scoutmaster, was awarded badges for life saving, swimming, metal work and basket work. Dave Miller was awarded merit badges for swimming, life saving, electricity and metal work. Albert Queyrel received his first class badge, Kenneth Bunch received a second class badge and Donald Holloway and Donald Edwardson received tenderfoot badges.

Boys who are leaving for Camp Ro-Ki-Li Monday morning are Albert Queyrel, Robert Blumenshine, George Seeger, Donald Holloway, Ray Merritt, Edward Miller, Jack Hitt, and Mark Miller. Albert Queyrel, Robert Blumenshine and George Seeger are staying over for another period, and a second group of scouts will also go up for the fourth period which begins July 6.

Guests present for the evening were Mr. and Mrs. E. P. Francis, Mr. and Mrs. Albert Queyrel and daughter.

Santa Margarita Ranch Fires Out

SAN JUAN CAPISTRANO, June 29.—Forest rangers and about 200 volunteer fire fighters, mostly from the Santa Margarita ranch, succeeded Saturday night in extinguishing fire which they had been fighting since Thursday on the edge of the national forest and extending inside the boundaries of the ranch. The recent electric storm caused the fires, lightning striking the dry brush and grass caused six different fires, one of which assumed quite a blaze, burning over several hundred acres before it was brought under control. The fires were mostly in isolated regions and could be reached only after hikes of one to eight miles.

CROWDS FLOCK TO BEACH CITIES FROM INLAND AREA

HUNTINGTON BEACH, June 29.—The largest crowds of the season were at the beaches Sunday. Wherever there was room to set a tent or a beach parasol along the five miles of coast between this city and Newport Beach, the space was occupied. Thousands of autos were parked along the coast highway and the traffic was the heaviest of any day this year and has only been exceeded in past years by Fourth of July holiday crowds.

The beaches were experiencing cooler weather Sunday than for the previous three or four days, when the hottest weather on record prevailed. Cooling breezes prevailed and conditions were much improved over the preceding few days.

The beaches inside the city limits at Newport and at Huntington Beach were literally thronged with people, seeking a refuge from the heat of the inland districts and the cities. Life guards patrolled the beaches inside the municipalities.

At Sunset Beach boating on the canals and swimming in the ocean entertained a record breaking crowd and Seal Beach also entertained a record number of visitors. Crowds also are reported to have set new attendance records at Corona Del Mar, Emerald Bay and all along the coast to Laguna and Arch Beach.

CONDUCT FUNERAL OF STANTON GIRL

STANTON, June 29.—Funeral services for little Louise Beaver, daughter of Mr. and Mrs. J. J. Beaver were held in the Alamos Friends church Saturday with the Rev. Younger, pastor of the church, conducting the rites. The Rev. Mr. Younger took for his text the words of King David when he received word of the death of his son, "He cannot come back to me but I can go to him." With Mabel Bumgardner at the piano, Mrs. J. Robinson and Edna Bumgardner sang a duet. Later Edna Bumgardner sang a solo and just before the sermon Mrs. Bumgardner and Edna Bumgardner sang a duet.

The death of the little girl was the result of an automobile accident June 15 near Williams, Ariz., in which four out of the seven in the car were injured. Mrs. Beaver and Louise were taken to the hospital at Williams. Mr. Beaver and Bobby, after receiving first aid, were able to go to the home of Mr. and Mrs. Harvey Rogers. Mrs. Rogers is a sister of Mrs. Beaver and the family was enroute to visit Mr. and Mrs. Rogers after spending a few days at the Grand canyon.

W. L. AMES RITES SET FOR TUESDAY

HUNTINGTON BEACH, June 29.—W. L. Ames, proprietor of a grocery at 302 Eighth street, died at 9 o'clock Saturday night from heart trouble. He was 71 years of age and is survived by his wife and a married daughter. The funeral will be held from the A. H. Dixon funeral home, 2 o'clock Tuesday afternoon. Interment will be in Sunnyvale mausoleum, Long Beach. The Rev. James G. Hurst, pastor of the Christian church will conduct the funeral.

Mr. Ames has been in the grocery business here for the past three years.

APPEARANCE OF CHRIST TOPIC IN FULLERTON

FULLERTON, June 29.—"The Three Appearances of Christ" provided the subject for the sermon yesterday morning by the Rev. Francis E. Hawes, pastor of the First Baptist church of Fullerton. The Rev. Mr. Hawes said in part: "Three separate and distinct appearances of Christ are mentioned in the ninth chapter of Hebrews. Two of these appearances are on earth the other is in heaven. One relates to the past and is a matter of history. One relates to the present and the third is prophetic. In Heb. 9:26 we read, 'For then must he often have suffered since the foundation of the world; but now once in the end of the world he has appeared to put away sin by the sacrifice of himself.' The scripture points to a past appearance. Gal. 4:4 tells us more about this period. Let us read the entire verse: 'But when the fullness of time was come, God sent forth his Son, made of a woman, made under the law.' The place of this first appearance was upon the earth. He was partaker of flesh and blood. He took not upon him the nature of angels; but took upon him the seed of Abraham' we learn from Heb. 2:14-16. Thus His first appearance was UPON THE EARTH."

"The purpose of this appearance is also stated—'He appeared TO PUT AWAY SIN BY THE SACRIFICE OF HIMSELF.' Heb. 9:26. In His first appearance He fulfilled all Old Testament prophecies relating to His humiliation and suffering. The greatest fact of history is that Jesus Christ the second person of the glorious trinity has been upon the earth."

"The second appearance has to do with the present. From Heb. 9:24 we learn that He is NOW APPEARING IN HEAVEN. 'For Christ has not entered into the holy places made with hands, which are the figures of the true; but into heaven itself, now to appear in the presence of God for us.' 'Jesus Christ is now absent from the earth. He has been absent in person since His ascension as recorded in Acts 1:9 more than 1900 years ago. His present personal ministry is in heaven at the right hand of God. Rom. 8:34. He appears now in the presence of God for us.' Heb. 9:24."

"The purpose of His presence in heaven is—a, 'to appear for us.' Heb. 9:24. b, 'for our justification.' Rom. 8:33. c, 'for our cleansing.' 1 John 2:1."

"The plan of His present ministry is stated in Heb. 9:12—'Neither by the blood of goats and calves, but by HIS OWN blood he entered into the holy place, having obtained eternal redemption for us.' 'The third appearing is prophetic. It points to the future. We learn from Heb. 9:28 that He is to appear the second time. This appearing is the 'second' as related to the earth. 'Unto them that look for him shall he appear the second time without sin unto salvation.' The 'salvation' referred to here is the salvation of the body. Cp. Heb. 9:28, Phil. 3:20-21. 1 John 3:1-2."

"The place of this appearing is—'In the air.' 1 Thes. 4:16-17. The 'dead in Christ' and 'living believers' are caught up to meet Him. b, 'On the earth.' Rev. 1:7."

"The purpose of this appearing is also stated—'He appeared TO PUT AWAY SIN BY THE SACRIFICE OF HIMSELF.' Heb. 9:26. In His first appearance He fulfilled all Old Testament prophecies relating to His humiliation and suffering. The greatest fact of history is that Jesus Christ the second person of the glorious trinity has been upon the earth."

A FALLING OUT

There is a row on, or may we say a continuation of the old row, between Will Hays, the "Czar" of the moving picture industry and some of the church people.

The charges and counter-charges are unimportant, in a way. Will Hays entered the picture industry supposedly to clean and purify them. Well, there they are. They speak for themselves, and if they are what it was supposed Will Hays would make them when he started, then we have made a mistake,—the Pacific is the Sahara Desert.

Hays deserves to be in the Hall of Fame. He "cashed in" to a greater degree on his ecclesiastical connections than any being that ever lived. If he hadn't been a member of a church, he wouldn't have received \$10.00 a year at the head of the movies. And if all the church members were just like Will, as judged by the movies he produces, the public would be calling upon Hays to clean up the churches.

We do not mean by this that Will Hays hasn't earned his salary. First, through heralding him as a deacon; second, by the cargo of verbiage, not to say garbage, that he unloaded on the public, which seemed to make the public believe that from now on they were going to be clean, by which he kept the great mass of people in a constantly hopeful state.

But there comes an end to all things. Will's name can hardly be used now to fool the church folks. They have learned he has been bought and paid for, and that's that. Will had good training in running the picture business,—he had handled a political party. Managers of picture shows, if they are frank and honest, will tell you when you complain after having paid your good money and seen an almost worthless show, if not worse, that he gets the best there is, and has to pay for all that is produced, and there are so few good ones being produced that the show you have just seen is the answer.

In the old days, if they couldn't get a good performance in the theater, the theater would be dark, but not now. It just has to run. It is like a newspaper or the sunrise,—every day it has got to get up and get out. But anyhow when two people fall out, who have had some "inside" correspondence, as happens in this case, the public is likely to know a few more facts.

We wonder if Hays' contract compels him to see all the shows. There are some people inside the industry who realize that the process of "gravitation" has hurt it, and are trying to make it better. There are some managers who are endeavoring to select the best for the community that they serve. In fact, the character of the shows is quite a good commentary on the opinion the manager holds of the people of the city where he is working. That is, when he can find a good show!

An anthropologist claims that Adam was a Chinaman. Perhaps this explains why his descendants are so prone to war with one another.

SIGNIFICANT ACT PENDING

Al Capone is to be sentenced tomorrow. So we will be able to learn at that time whether Al made a "deal" with the United States government through the court before he pled guilty, or did not.

The crimes with which he is charged will give him 34 years. Capone just decidedly objects to staying in that long. But he wants to go to jail undoubtedly. He would like to have all his crimes cleaned up,—do a certain amount of penance. Something easy, like three years. Then he will come out washed white, as far as the government is concerned, but simply white-washed as far as the people are concerned.

There are some men who go through bankruptcy,—they go through to square accounts, and start again in the world with a clean sheet.

It is very inexpensive and it gives a man lots of rope. Capone seems to be in this mind. If he gets short of 15 years, he has certainly found that he can afford to trifle with the United States.

SPEECH CONTROL

A man in Sandusky had his speech returned to him by a blow on the head, which he received in the midst of a controversy with another man. He had lost his speech some years ago.

We have read considerable of these experiences of being struck on the head and losing speech, and then being struck again and gaining it.

Can't the phrenologist, the psychologist or some of these expert scientists, explain to us exactly where you hit one and how hard to put them in "second speed" or "low" in this speech business? That would be a real boon to the human race. In fact, a man who discovers that should get the Nobel peace prize!

A FUTURE WITHOUT DROUGHTS

W. J. Humphreys, Chief of the Division of Meteorological Physics of the United States Weather Bureau, declares that a "flood" of cold air from the Arctic regions to Europe, which depleted the supply that might have come to the United States, is believed to have been one of the causes of the prolonged drought last year in America.

It seems that the studies of the bureau have shown that the drought was the result of a prolonged stagnation of the air over this country, and this "flood" of cold air accounts for the stagnation. From the facts, as they came to us, as to the causes of rain, certainly the stagnation of air will result in drought.

The warm air, flowing up over the cold, or the heavier cool current forcing its way under the lighter warmer current, thereby contracting it and reducing its power to hold moisture, we are told, precipitates the rain upon the earth. The failure of these cold currents to come in and perform that function leaves us in bad shape.

We noted that a scientist the other day declared the discovery of the cause for any difficulty would almost insure its removal. Is it possible that sometime there will be found a means by which the cold air of the Arctic can be directed, not only into the warmer climes and thereby cause rain, but to any particular spot or region that is desired?

You cannot tell what the generations of the future will bring forth as they look upon the great aqueduct connecting Boulder Dam with the Southwestern country in future years, they may smile because of the ease and more scientific manner in which they are able to produce precipitation.

IMMIGRATION DECREASES

According to the Labor department, there were only 96,000 foreigners who arrived in this country during the fiscal year. This was the fewest number of immigrants to have come to the United States since the war year of 1862. The deportations will reach about 19,000, so that the net increase of foreigners is less than 80,000.

The United States is no longer, in the mind of the poor and the unfortunate of other countries, the great haven which it was to the people during the previous 250 years. While our country is far from being populated to the extent that most of the European countries are, yet the labor and other difficulties which the United States has been encountering, have forced it in self-protection to pass the laws restricting immigration.

With the discovery of America and its development, the flow naturally took place to relieve the pressure in other places of the world. Naturally the valve has to be closed; laws have to be passed when that income of people tends to make the condition on the inside as bad as it is in the countries which they left.

As a matter of fact, those who would naturally immigrate are learning this. They are not seeking America's shores, and many of them who have not been naturalized, are returning, for they are better equipped in their former homes, and among their friends, to meet hardship than in this country.

A HERO

"Ma" Kennedy (Mrs. Minnie Kennedy), according to reports has just been married.

We take it that "Ma" is going to establish a home of her own. We do not know the happy bridegroom, but we frequently see on the fourth page from the last in The Register in the evening, a statement which we are now beginning to understand,—"Heroes are made, not born."

Fighter in Exile

Remember Abd-el-Krim who used to lead the Rif in sudden charges on the French in Morocco and then disappear in the hills of sand? He stepped out of the picture when airplanes found his hiding places and the French sent him an exile to Reunion Island. Once in a while someone writes of the old fighter and pictures him a forlorn figure perched on a desolate rock looking out to sea. The impression is given that Reunion is another Devil's Island, or St. Helena.

As a matter of fact it is a place of 900 square miles of forest and farm land, towns and villages and enjoys a fine climate save but for a brief very hot spell in the summer. And Abd-el-Krim, a recent visitor reports, "is given the practical freedom of the island with a French soldier somewhere nearby to see he does not board a boat. He is finishing his fourth year of exile in a place which abounds in sugar and rum and where there are 17,000 people to keep him from being too lonely. For an old scrapper like Abd-el-Krim the prospect may not be pleasant, but at least Reunion is not the desolate torture spot which has been described.

British Heir Seems to Be Invincible Bachelor

While the far-flung British Empire was celebrating the Prince of Wales' birthday yesterday back of the genuine pride in his many admirable qualities must have stalked the shadow of his unmarried state.

The popular Heir Apparent is thirty-seven years old and despite the implied duty of the royal line to perpetuate itself he shows no signs of taking a consort. So seemingly invincible is his habit of single blessedness that the once hardy perennial rumors of his devotion to this or that eligible princess are inclined to give up in despair.

At one time hints at the forthcoming engagement of the Prince of Wales came so thick and fast that they ceased to be news. Now they are hardly news because the authenticity of such rumors seems so unlikely.

Of course there is no constitutional rule against a bachelor king, but an unmarried sovereign of marriageable age would certainly be a rarity. There have been such, though not many.

The Real Challenger!

More Truth Than Poetry

By James J. Montague

EXPLAINING DIOGENES

I never have felt any clamorous call
To enlist in the cause of reform;
I never possessed any yearning at all
Against follies and foibles to storm.
If people insist upon smoking cigars
And drinking what passes for wine
Which—I'm told—may be found in the illicit bars,
It is not any business of mine.
But I hesitate, nevertheless, to maintain
That every reformer is cracked in the brain.

I know they are often exceedingly queer,
That all sorts of odd antics they try,
And that sometimes a little too keen they appear
To loom large in the popular eye.
But, if, now and then, their behavior is rough,
If they always politely discussed
Our errors, their efforts to broadcast their stuff
In the end would be only a bust.
The band at the circus is brazen and loud
Which it must be, in order to gather the crowd.

No doubt many folks in Diogenes' day,
When observing his butter-tub home,
Believed, as they heard him orating away
That the gears had been jammed in his dome.
But the curious house brought more people around;
The news of it scattered like fire.
And soon the long-headed philosopher found
All the hearers his heart could desire.
Which he'd never have done, if he hadn't allowed
For the curious mind of the average crowd.

JUST SENSIBLE

There is nothing surprising in Bernard Shaw's refusal to come to America. He's always sure that we'll send him all the money he wants.

HARDENED

The treatment the Russians are subjected to by their rulers can't worry them so much. They all had to learn the language.

CELLAR TONES

The trouble with the stock tickers now is that they're all ticking bass.

Because They Stop Daring

By WILLIAM TRUFANT FOSTER and
WADDILL CATCHINGS

In the depths of business depression, the Pacific Coast still has the spirit of the West. It is confident, resourceful, unafraid. Its courage is unshaken by the prophets of despair—the new wise men of the East who gloat over sad statistics and insist that the worst is yet to come.

Our information on this point is up-to-date, for we are now on a tour of the Pacific Coast cities, large and small. From Butte, Dillon, Salt Lake and Ogden, we have traveled to Missoula, Lewiston, Moscow, Pullman, and then on from Spokane to Los Angeles.

We find that the daring of the pioneer still dominates these people, and Nehemiah is still their prophet.

Those who read the Bible every day, and a few others, will remember that Nehemiah started to build the walls of a great city. But even, in those days, there were men who insisted that business had gone to the dogs, and would stay there. Already, they said, the world was sadly over-built. They urged Nehemiah to come down from the city walls and stop building.

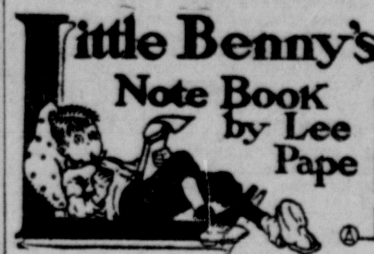

But Nehemiah had the spirit of the West. "Who am I," he asked, "that I should stop building? I shall not."

And to the economists of despair who shook their doleful heads, he declared, "The City is large and great, though the people are few, and the houses are not yet built."

So say the men of the West today. They know that their future is large and great, though men of the East who share their vision are few, and the castles of their dreams are not yet built.

The last Frontier still has the zest of adventure. It still has youth. It has proved that men do not stop daring because they grow old; they grow old because they stop daring.

COMPANY

The most popular time to have company is for dinner, being popular with everybody except the cook, on account of her most popular time to have company being never. One of the most painful sites to see is your mother gradually telling the cook that you're going to have company again.

If your company is people you don't know very well, the dinner is liable to seem more like a funeral with nobody dead yet, even if you have chicken with jibbit gravy and ice cream, while on the other hand if your family is all alone for dinner it often sounds more like a picnic even if you only have hash and procons.

When you have a lot of company you have to make the dining room table as long as it will stretch, looking more exciting but taking longer for everybody to get waited on, especially you.

It is generally more fun being somebody else's company for dinner than what it is having company for yours, on account of other people's food always tasting the best.

This proves the world would be happier if everybody had somebody else's blessings.

If your company sleeps at your house you are liable to have to sleep on the living room sofa so they can have your room, seeming like fun unless it lasts long enough for you to realize it's not.

In the Long Ago

Thoughts On Modern Life

THE POISON FOG OF PROHIBITION

I have lately been in several sections of the United States where I have heard much pre-campaign talk.

I have heard leaders talk. I have heard followers talk.

I am sure I am voicing the feeling of many readers of these articles when I say that I am disturbed by the possibility that prohibition may again swamp vital economic issues in the 1932 campaign.

There is no eagerness upon the part of the leaders to play up prohibition, but their lack of eagerness may spring less from a desire to clear the track for a courageous facing of economic issues than from a desire to evade the manifest difficulties of the prohibition problem.

More than any other issue in American life, prohibition is saturated with emotion.

If prohibition is injected into the 1932 campaign, in the same terms in which it has been until now considered, it will settle down over the campaign like a poison fog and suffocate all other issues.

It will be nothing short of tragedy if anything is permitted to divert the national mind from casting its decision in the 1932 campaign on the crucial economic is-

ues that the current depression has brought to the fore.

If the problem of prohibition must be made a campaign issue let us hope that some party or parties will have the insight and the courage to restate it.

The problem of prohibition goes deeper than the traditional slogans and the tricky strategies alike of the wets and of the dries.

Here is an issue we dare not leave to a duel between competing fanatics.

The problem is nothing less than the moral sanitation of our national life.

In the case of gang-ruled cities and gin-soaked youths, it behooves us to do something other than huddle about tarnished catchwords coined in the early battles between the wets and the dries.

Until we broaden the issue and deal with its wider aspects, prohibition will continue to make American politics a high carnival of hypocrisy.

We must be willing to follow the policy that will make for the moral stabilization of our national life whether the policy follows our wet or dry preconceptions or not.

OUR CHILDREN

By ANGELO PATRI

EXAMINATIONS

The old order dies hard. Examinations still darken the lives of school children every term end. I know that examinations have a place in any scheme of education or training. What I find fault with is the use made of the examination. When it is given at the right time in the right place and used with wisdom, the examination is a useful bit of technique in classroom practice. Too often it is used as a means of ridding the teacher or the school of children whose gifts and tendencies and achievements trouble the still waters of the state school.

"What's that? You don't know? How did you ever get here? You're not fit for high school. I'll give you an examination and show you up. People like you have no business here."

When an examination is given in such a spirit, when it is intended to expose the ignorance of a child, when it is meant to display the weakness of his unseasoned powers, it is a cruel wrong and a bitter injustice. Any teacher worthy the name, any school worth public support, endeavors by all possible means to hold a child in school and show him how to make the most of whatever gifts he may have, measure though they be.

It is quite possible for a child to pass an examination in the elementary school and fail utterly in the same examination a year later. This is due to the characteristics of child growth. In the elementary schools he takes to learning lists and facts and rules as a duck to water. His verbal memory is strong and eager. The teacher drills him to pass and he passes.

With adolescence there comes a change. His interests are beyond the stage of fact-gathering. He wants now to explore and discover and create and think. His personality is asserting itself and his interests are those of the adult rather than those of a child. He has begun to put away childish things and to take on the habits of maturity. To give him an examination in elementary school work is like asking a full grown man to play marbles. He may win through, but the chances are against it.

In the days when teachers had little or no training and could not be depended upon to do their work with thoroughness and vision the clergyman and the local scholars examined the children. The examination was more a test of the teacher's work than of the child's ability though then, as now, the frightened child bore the brunt of the battle. That time has passed with the entrance of the skilled teacher and supervisor. Every child is known to his teacher and his judgment will be found to be about as close to truth as the result of an examination given by a stranger.

I have found this to be so. The worth while qualities that a real school stimulates in its children are not to be measured by any examination. The teaching must stand or fall by what the child DOES. Education that does not function in everyday living is a failure. Education that makes for complete, rich, useful complete living is a decided success. I have never seen the examination that measured just that.

The day is coming when an examination becomes an expression of co-operation between teacher and pupils, a useful bit of classroom technique. The day when it can be used as a club to strike down children reaching for the fruit of the tree of knowledge, is about to pass. Heaven speed it on its way.
